

# Coolidge Wipes Out Long's Plurality of Last Year And Carries City by 1188 Votes

## Tufts Defeats Russell for District Attorney and Leads Ticket—Putnam Wins Over Sparks in 8th Senatorial District—Pearson Elected in 7th Senatorial—Voters Accept Double Platoon and Plan B is Defeated

Casting the largest state election vote in the history of the city, approximately 5000 more than at the 1918 state election, Lowell voters yesterday supported the candidacy of Governor Calvin Coolidge for re-election by giving him a majority of 1188 over his democratic opponent, Richard H. Long. The governor received 7799 votes and Mr. Long, 6611.

Last year Mr. Long led Governor Coolidge by 1498 votes, the figures being: Long, 6180; Coolidge, 4682.

Although the official figures have not yet been tabulated, it is a conservative assumption to estimate the city's total vote at about 15,000. In the gubernatorial contest a total of 14,410 votes were cast for the two leading candidates and this is exclusive of blanks and the

few scattering votes that the several other candidates for governor received. Officials of the city clerk's office said this morning that the largest state election vote cast here previously was in the neighborhood of 13,000.

The turn-over of this city from the usual heavy support of the democratic candidate to the republican nominee is effected by leading students of politics throughout the state as one of the most notable in the commonwealth.

Besides supporting Gov. Coolidge in his victory, the city also supported his running mate, Channing H. Cox, candidate for lieutenant governor, but not by so large a majority as that accorded the head of the ticket. Mr. Cox received only 188 votes more than Col. John F. J. Herbert, the democratic as-

pirant, who had many friends in Lowell, due in the main to his being an overseas veteran.

The question of adoption or rejection of Plan B charter, which has been under discussion continually for the past several months and which toward the last became a very vital issue, was decided yesterday when the local electorate rejected it by 470 votes. The "yes" vote was 5759 and the "no" registration 6229. This morning papers were taken out by supporters of the charter to be signed in petition for a recount. Ten qualified voters from each ward must sign the petition before it will be honored.

The freemen of the city were successful in their well-conducted campaign to control the senate.

### "VICTORY FOR LAW AND ORDER"—WILSON

President Congratulates Gov. Coolidge on Re-election

WASHINGTON, Nov. 5.—President Wilson from his sick bed today telegraphed Governor Calvin Coolidge of Massachusetts, congratulating him on his re-election which the president said was "a victory for law and order."

The telegram follows:

"Hon. Calvin Coolidge, Boston, Mass.

"I congratulate you upon your election as a victory for law and order. When that is the issue, all Americans stand together.

(Signed),

"WOODROW WILSON"

White House attaches said this probably was the first time in history that a president had congratulated a candidate of the opposite political party on his election to office.

Administration officers shared the president's view. They said Governor Coolidge's sweeping victory should go far to encourage officials generally over the country who are combatting radical propaganda, disorder and general social unrest.

contest to some extent, Governor Black declaring for the league in his campaign. Republicans also will control the lower house of the Kentucky legislature, while the democrats will control the senate.

Democratic Sweep in Mississippi

The wet and dry issue also entered in to the Kentucky contest, a statewide prohibition amendment apparently having been defeated decisively.

Lee M. Russell, democrat, was elected governor of Mississippi by the usual majority. He was opposed by a socialist who polled only about 10,000 votes. The legislature will be solidly democratic.

In New York state, the election turned upon judges of the supreme court, Tammany hall candidates suffering complete defeat. In the city Representative F. H. Laguardia, republican, was leading Robert L. Moran, Tammany democrat, for president of the board of aldermen, but an official count may be necessary.

# Coolidge Receives Largest Vote Ever Given Candidate for Governor in State—Wins By 124,173

GOVERNOR CALVIN COOLIDGE

## LANDSLIDE FOR REPUBLICANS

All State Candidates Swept Into Office—Law and Order Issue Buries Long

Long Carries But Five Cities, Boston by 5149—Coolidge's Total 317,847

BOSTON, Nov. 5.—Governor Calvin Coolidge, republican, who made support of law and order the sole issue of his campaign, was re-elected yesterday by a plurality of 124,173 over Richard H. Long, democrat. The revised vote of the state complete was: Coolidge 317,847; Long 193,674.

The vote given Governor Coolidge was the largest ever cast for governor in this state, although his plurality has been exceeded. The total vote was unusually heavy.

Long Carried Boston by 5149

Long also opposed Governor Coolidge last year and was defeated by a plurality of 17,035. Yesterday the Coolidge vote was more than 100,000 ahead of that of 1918, and the Long vote 4000 behind. Long's lead of 19,009 in Boston last year was cut to 5,149 yesterday.

In his campaign Long appealed particularly to the labor vote, on the ground that Governor Coolidge had shown hostility to organized labor. In denouncing the striking Boston policemen as deserters. That the appeal was unsuccessful, was shown by the results of the balloting in the cities of the state.

Outside of Boston, Long carried only four cities out of 37, and in all but one of these his plurality was much smaller than a year ago. Nine cities which returned pluralities for Long in 1918 swung over to Coolidge yesterday. Springfield, which gave Coolidge a total vote of 6847 and a plurality of 1556 last year, gave him yesterday a total of 10,215 and a plurality of 5829, the largest in any city. Worcester polled 9371 votes for Coolidge in 1918, with a plurality of 622 yesterday it gave him a total of 13,606, the largest of any city outside of Boston, and a plurality of 3630.

Big Overturn in Lowell  
One of the greatest overturns was in Lowell, which turned a plurality for Long of 1493 last year into one for Coolidge of 1190 this year.

The entire republican state ticket was elected by large margins. The spirited contest was for state treasurer, and the democratic nominee, Chandler M. Wood, succeeded in making Fred J. Burrell, republican, run far behind the head of the ticket. Burrell was elected, however, by a plurality of 78,920, the vote being: Burrell, 273,622; Wood, 194,702.

Democrats Gain in House  
Although the democrats gained seats in the house of representatives the republicans gained three in the senate, and will have their usual large majority in both branches. The house will have 176 republicans; 82 democrats and two independents, and the senate 33 republicans and seven democrats.

TAFT SENDS CONGRATULATIONS  
BOSTON, Nov. 5.—Former President Taft today wired congratulations to Chairman Hall of the republican state committee. He said: "I felicitate you on your great and glorious victory. It will have a tremendous effect for good. Convey my profound congratulations to Governor Coolidge on his great personal victory."

## LABOR PROPOSAL IS TURNED DOWN

Government Refuses to Vocate Injunction Against Coal Strikers

Federal Judge Says Order Cannot be Withdrawn as Strike Violates Law

WASHINGTON, Nov. 5.—The government cannot accept the proposal of organized labor to end the coal strike by vacating the injunction against the officials of the United Mine Workers of America. Assistant Attorney General Ames in the absence of Attorney General Palmer announced today that the government could not abandon its position, because the strike was in violation of law.

Refusal of the government to vacate the injunction means a long fight in the coal fields, while its withdrawal would have opened the way for a settlement of the strike within 48 hours, according to Edgar Wallace, legislative representative of the United Mine Workers of America.

Judge Ames issued the following statement:

"The strike is a violation of law. As long as it continues we are going to proceed in the courts. The dispute between the mine owners and workers is an entirely different question that they can settle in their own way. The government cannot tolerate continued violation of the law such as this strike constitutes."

No Change in Indiana

INDIANAPOLIS, Ind., Nov. 5.—Preparation of their respective cases for presentation to the federal court next Saturday, continued today and neither the head of the United Mine Workers of America, nor the government agents offered any comment on the strike or coal miners. No change was reported in the situation in the Indiana coal fields.

## FEATURES OF STATE ELECTIONS

Coolidge's Smashing Victory Shares Honors With Decisive "Dry" Win in Ohio

Party Leaders Scrutinize Results — Democrats Win New Jersey

(By Associated Press)  
More complete returns today on the off-year election yesterday in several states did not change the outcome in any important respect. The smashing victory of Calvin Coolidge, republican in Massachusetts, re-elected to succeed himself as governor by the largest vote ever polled by a gubernatorial candidate in that state, shared honors with an almost equally decisive "dry" victory in Ohio, as the most striking result of the voting.

Democrats Win New Jersey

As a possible indication of the drift of popular sentiment preparatory to the national elections next year, yesterday's results were being closely

scrutinized by party leaders. Kentucky was swept into the republican fold in the governorship fight, but today's returns made it certain that New Jersey had reverted to the democratic column. Maryland, the only other state in which there was a serious contest for the governorship, was still in doubt with the democratic candidate leading.

Police Strike Issue Here

Local issues complicated the fight in at least two states. In Massachusetts, the police strike in Boston was made an issue at the polls. Richard H. Long, defeated democratic candidate, had appealed to the labor vote, while Governor Coolidge stood squarely on his record in dealing with the Boston police strike and rolled up a plurality of about 125,000 votes.

In New Jersey, Edward L. Edwards, democrat, running on a "wet" platform, had an apparently safe lead of almost 12,000 over Newton A. K. Bugbee, republican, but the legislature will be republican by a narrow margin.

Kentucky for Republicans

The defeat of Governor James D. Black, democrat, for reelection in Kentucky, where Edwin P. Morrow, his republican opponent was credited today with a plurality approaching 30,000, probably will be more discussed than any other state result by party managers, who have their eyes fixed on next year's campaign. Previous democratic majorities were upset in some parts of the state.

## "TIGER'S" VALEDICTORY AT STRASBOURG

STRASBOURG, Tuesday, Nov. 4. (By the Associated Press.)—Premier Clemenceau's speech here today considered his political valedictory to France, rose much above party politics. It was for the most part a plea for universal tolerance and social justice and an appeal to the workingman throughout the world to resume his pre-war methods and "work."

The premier said government must be based on public order and respect of individual rights.

"As for the Bolshevists, there can be no discussion between them and the public. It is a simple question of force. In clamoring for freedom for themselves they want to impose upon others a terrible and absolute dictatorship," he declared.

The premier's solution for disputes between capital and labor was co-operation and better housing and free education for the workingman.

## GIRLS' COMMUNITY SERVICE CLUB

The Girls' Community Service club voted last night to so modify its constitution and by laws as to allow for an associate membership among married women and also authorized the creation of a junior department which will present activities of interest to girls between the ages of 14 and 17, or until they become eligible for membership in the club itself.

The meeting was called by Miss Sadie Melancon, vice president, who expeditiously conducted the members through an interesting business session. The attendance was unusually large and the several items of importance which came before the members for consideration and action received earnest discussion.

Club welfare in general and the planned programs of athletic and social events for the current month were presented by Miss Beattie, Miss Crohn and Miss Bailey of the executive staff.

Interest in the Red Cross roll call and an appeal to the girls for aid in the house-to-house canvass for members were included in a brief talk given by Miss Harrison of the Rogers

have the double platoon system for the department accepted. The vote in this instance was: Yes, 7153; no, 5754, a margin of 1399, emphasizing the willingness of the public to try out the new system. The firemen today came out with a statement of appreciation.

Perhaps the most exciting contest of the entire election was that waged in the eighth senatorial district where Representative Frank H. Putnam faced out Hon. John T. Sparks by the scant margin of 136 votes.

This fight was a see-saw affair from beginning to end although in the early stages of the evening Mr. Sparks was forging ahead in local precincts and was cutting down the republican vote in many of the towns. But when the republican precincts came in there

NATHAN A. TUFTS, District Attorney

was in evidence strong support for the party candidate and Mr. Sparks finally acknowledged defeat. Tabulations of last evening gave Mr. Putnam a lead of 105 votes, but this morning the figures from the towns were verified and it was found that Popper had given the republican candidate 30 more votes than were accorded to him in the early returns last evening. Mr. Putnam's total vote in this town

is an exaggerated form of Grip. LAXATIVE BROMO QUININE Tablets should be taken in larger doses than is prescribed for ordinary Grip. A good plan is not to wait until you are sick, but PREVENT IT by taking LAXATIVE BROMO QUININE Tablets in time.

was 305 instead of 275 as first reported. In the town of Westford Mr. Sparks' vote was cut down from 127 to 126 as the result of today's verification.

In the seventh senatorial district Gardner W. Pearson was an easy winner over Charles H. Burns of Lynn, although Mr. Burns put up a stiff fight here in Lowell. The vote of the city in this contest was: Burns, 1421; Pearson, 1411. The total vote for the district, which extends as far as Lynn, was: Burns, 4503; Pearson, 4531. Mr. Pearson is at present a member of the local school committee and his term does not expire for another year. The seventh district is strongly republican.

The city also sent three republican representatives to the 1920 legislature, Messrs. Achin, Berard and Jewett from the 15th district. In the 14th district Owen E. Brennan and Charles H. Stowey led Harry W. Leavitt and Robert J. Thomas by ample margins. The defeated candidates in the 15th district were William E. Madden and John Thomas, both of whom were nominated by "stickers." Thomas J. Corbett was unopposed in the 16th district which is overwhelmingly democratic.

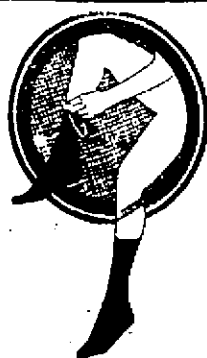

Nathan A. Tufts, republican candidate for re-election as district attorney, ran away ahead of his ticket here in Lowell and easily defeated William E. Russell of Cambridge, the democratic contender. The total vote here was: Tufts, 5110; Russell, 5652. Gov. Coolidge received only 7795 in comparison with Mr. Tufts' substantial endorsement.

Another instance of the candidate running ahead of the ticket came in the state treasurer contest, where Chandler M. Wood, democratic candidate, who was defeated, received 7107 votes here, while Fred Durrall, the republican nominee, polled 6164 Lowell votes. Mr. Wood received a large number of republican votes here.

Owing to the large vote, the returns were slower than usual in getting in last evening and it was well after 11 o'clock before the final results were being tabulated. Even at that hour the Putnam-Sparks contest was in doubt.

One of the surprises of the election was the alacrity which the towns displayed in getting in their returns. Billerica was the first to report at The Sun office, and quite a number of the surrounding towns had sent in their returns before any of the local precincts began to show signs of life.

It was an election in which party lines played a less prominent part than in many previous elections and the abundance of live issues which were

A freight train, stalled on the railroad tracks at the Middlesex street grade crossing early this morning, delayed the local street cars on their way from the car house to the square for nearly half an hour, and resulted in the "first cars" being about 20 minutes late in getting away to their several destinations. A draw bar pulled out of one of the freight cars was the cause of the train being held up.

## CANDIDATES GET NOMINATION PAPERS

This morning the following men took out papers for nomination in the coming city elections:

James E. O'Donnell, Andover street, for mayor; Francis A. Warnock, 13 Wamecet street, Cornelius Desmond, 195 Blackpole street, for alderman, and James E. Lyle, 19 Summit street, for school board.

Because of the uncertainty of the vote on the question of a charter change, the city clerk was not able to make arrangements for the issuance of papers until today and therefore, the time for filing, which expires Saturday, Nov. 8, at 5 p. m., is exceedingly brief.

It is most important that candidates have the signatures to their nomination papers certified by the board of registrars before filing the same with the city clerk. Nomination papers lacking 25 valid signatures will be pronounced invalid, hence the great importance in exercising care in securing them.

## POLICE TALK TO TRADE BOARD COMMITTEE

Patrolman Edward F. Flanagan and Patrick Sullivan, of the local police department appeared before the committee on public improvements of the board of trade last evening to present their case in an endeavor to have the board interested in their demand for an increase in wages. Present at the meeting were the following members of the committee: George Bowers, chairman; Dr. A. J. Gagnon, Harvey B. Greene, Otto Hockmeyer, James H. Leighton, Dr. E. C. Simpson and S. H. Thomson. At the close of the meeting the secretary was instructed to write to various cities where a minimum wage of \$5 prevails or is likely to, and learn more of the conditions in those cities.

Patrolman Flanagan in his argument stated that 24 cities are now paying the minimum wage of \$5 a day

to their patrolmen and the increases were brought about through the influence of the chambers of commerce. He said this minimum wage is being approved by many police chiefs and almost unanimously by the recent convention of chiefs held in New Orleans. He argued on the high cost of living and stated that the patrolmen have to purchase their uniforms, the price of which is going up gradually, and he also referred to local police conditions. At the close of his remarks he was questioned at length by members of the committee and he was given assurance that his request would be looked into thoroughly.

## AMUSEMENT NOTES.

**H. F. KEITH'S THEATRE**  
One of the best bills of the current season is on the boards at the B. F. Keith Theatre, this week, with Mrs. Eva Ray, the noted theatrical actress, occupying the leading position. Mrs. Ray's replies to the numerous questions asked constitute a specially interesting revelation. Mrs. Wellington's "Surprise," a funny comedy, also holds a prime position on the bill, and Marie and Ann Clark are real entertainers. A good duo from the olden days are Hallen and Fuller, who, a quarter of a century ago were leaders in their class. Other acts on the bill are as follows:—Helene "Smiles" Davis, the Two Ladellins and Gray and Graham.

## THE STRAND

Two film features of extraordinary merit are being shown on the Strand program for the last time today. H. B. Warner, the eminent English actor, in "For a Woman's Honor," and Mabel Normand in her latest, Goldwyn comedy romance, "Upstairs," are the chief contributors. There are other contributions to the bill, but these are usually high-grade offerings and will surely give general satisfaction. Beginning tomorrow an entire change of program will be given. William Farnum in Zane Grey's latest and best story, "The Last of the Dances," and Albert and Elinor Fair in their best comedy offering, "The Lost Princess," will be the principal features. Besides these there will be a new comedy and Universal Weekly. Don't miss these bills.

## OPERA HOUSE

If you want to laugh yourself tired then attend one of the performances of Max March's hilarious comedy, "Here Comes the Bride," which is the week's contribution at the Opera House, by the Lowells Players. There never was a comedy presented in stock circles that is causing so much favorable comment as this exuberantly funny creation.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

employees of the Pitts service station will take a long ride in Wes Keough's aeroplane and this includes the seven girl employees who are even more anxious to go up in the air than their masculine comrades.

The usual sporting events will follow the aeroplane rides. A game of association football will be staged by the men as well as races, tug-of-war, etc., by both sexes.

## FISH AND GAME CLUB

Six new members were balloted upon favorably and routine business was transacted at the regular meeting of the Lowell Fish and Game association, which was held in Odd Fellows hall, Middlesex street, last evening. In the absence of President Simon B. Harris, Daniel Cosgrove presided and a lengthy report upon the reconstruction of the Lawrence fishway was made by Secretary Willis S. Holt. The new members admitted at last night's meeting were as follows: Benjamin J. Mahoney, Edward Twohey, Joseph Douglas, Frank Mullen, George W. Marchand and Harry Erikson.

## Catarrh Vanishes

Here is One Treatment That All Sufferers Can Rely Upon

If you want to drive catarrh and all its disgusting symptoms from your system in the shortest possible time, go to your druggist and ask for a Hyomel outfit today.

Breathe the air of Hyomel and let it rid you of catarrh and chronic head colds; it gives such quick relief that all who use it for the first time are astonished.

Hyomel is a pure pleasant antiseptic, which is breathed through the nose and throat deep into the head and lungs; it soothes the sore inflamed membranes, reduces swelling and quickly heals all inflammation.

Don't suffer another day with catarrh; the disease is dangerous and often ends in consumption. Start the Hyomel treatment today. No stomach dosing, no sprays or douches, no dangerous drugs or narcotics. Absolutely harmless. Just breathe it—that's all. At leading druggists everywhere. Adv.

During the war, millions of women have been at work in vocations into which they have never before been called.—Munition Factories, Chemical Works, Metal Works, Street Railways, and as Ambulance Drivers, Barber, and Elevator Girls. Undoubtedly thousands of others have longed to serve in this way, but because of female ailments, which had fastened upon them, were not able to do so. Women in this condition should give Lydia E. ## The Modern Medical Idea—Sickness Prevention

Back in 1776, when he developed the vaccine treatment to combat smallpox, Edward Jenner helped to start the trend of medical thought in the new direction of *Sickness Prevention*. Today anti-toxins, serums, vaccines and sanitation—all these check disease before it can gain hold. But constipation still remains one of the most devastating of all plagues, because by reducing the body's power of resistance it makes it an easy victim of every and any disorder.

Leading medical authorities agree that 90% of disease has its origin in the intestinal tract—in constipation.

Your physician will tell you that pills, salts, castor oil, mineral waters, etc., simply force the system and weaken the intestinal muscles.

Nujol is entirely different.

Nujol prevents constipation because it softens the food waste and encourages the intestinal muscles to act naturally.

Nujol helps Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. Get a bottle from your druggist today.

## LUSITANIA CAPTAIN DIS-OBEYED ORDERS

LONDON, Nov. 5.—A parliamentary paper made public yesterday containing secret evidence in the inquiry into the sinking of the Cunard liner Lusitania shows that Capt. W. T. Turner of the Lusitania admitted that he disobeyed the instructions of the admiralty in steaming only at the rate of 18 knots an hour. The captain testified, however, that had he gone faster the Lusitania would have reached the bar at Liverpool before the vessel could cross it owing to tidal conditions.

Captain Turner testified that he had not steered a zig-zag course at full speed as the admiralty had ordered, because he thought this order applied only when a submarine had been sighted.

A despatch from London, July 17, 1918, said the court of inquiry into the sinking of the Lusitania found that the liner had been lost as the result of an act of a German submarine, which not only intended to destroy the ship but planned to blot out the lives of its passengers. The decision exonerated Captain Turner and the Cunard line

from all blame and commended the discipline of the crew.

The only secret evidence known to have been taken by the board of inquiry was on the first day of its session, when the proceedings were interrupted in order to permit the court to inquire regarding certain instructions sent by wireless by the admiralty to Captain Turner. The parliamentary paper made public in London probably has reference to this secret evidence.

## SPEAKER GILLETT OFFERS PRAYER

Special to The Sun  
WASHINGTON, D. C., Nov. 5.—Speaker Gillett broke all precedents when the chaplain of the house failed to appear in time to open the session of the house with the prayer required by the rules, by saying simply: "I will ask the house to join in the Lord's prayer," then he called the house to order on the tick of 12 by a sharp rap of his gavel, and led in prayer. Perhaps that doesn't seem anything to those who are not familiar with the form and ceremony of the opening of daily sessions of congress but by so doing he broke the precedent of more than a century, for it was the first time that a speaker, no matter what the emergency, had officiated as chaplain. Whenever it has happened that a chaplain has been held up in transit and so failed to get to the capitol on time, there has been a great scurrying round to find a clergyman member to act as substitute, causing an embarrassing delay.

Just before 12 each day the speaker, the chaplain and other officials enter the house chamber, and mount the platform on which the speaker's desk

is located. The pages stand at attention—members stop their conversation, doors to the chamber are closed (light both on the floor and in the galleries with guards on duty to see that the quiet of the chamber is not disturbed during the prayer.

Then the old blind chaplain makes a short prayer, often alluding to the momentous questions of the day which congress is considering. But in the history of congress no speaker nor layman has ever before opened the session, but Mr. Gillett was as unconcerned as if it were an everyday occurrence—but the pages and employed haven't yet stopped telling about it.

## A new way of washing

*You just soak your clothes clean instead of the old rubbing and boiling*

**JUST** imagine your clothes washing themselves for you overnight!

Imagine their washing themselves without any washing "machinery" whatsoever—no boiler, no washboard, no washing machine, or suction funnel.

You just put your clothes to *soak*—with a new soap product.

You have been told so often of machines that would wash your clothes for you, of products that would get the dirt out without any work on your part, that the story of this new product is going to be hard for you to believe.

It is hard to believe that a simple soap product, absolutely harmless, can, just by a soaking overnight, so loosen the dirt in your clothes that when they are rinsed in the morning, all the dirt comes out.

As a matter of fact, if the overnight soaking is inconvenient, three hours soaking will accomplish the same wonderful result.

All you have to do is to take them out and rinse them!

And they are snowy white and clean! Only a few very soiled places, like cuff edges, need a light rubbing between your hands.

That is what RINSO is doing for thousands of women who have already secured it. It has changed their whole way of washing.

And those same women felt as you now feel, when they first heard of RINSO'S wonderful results—they couldn't believe it!

And now they are like Mrs. Terry—whose letter is given here—they have found that the old way of washing is gone—and that the new RINSO way of *soaking* your clothes clean has entirely eliminated the hardest work a housewife has to do—wash-day boiling and rubbing.

Use RINSO yourself this week—see how it really *soaks* your clothes clean—see if you don't feel just as enthusiastic as Mrs. Terry does.

Get RINSO today from your grocer, and follow the simple directions on the package. Lever Bros. Co., Cambridge, Mass. (Makers of Lux.)

*"Soaking Clothes is Certainly Easier Than Rubbing Them"*  
says Mrs. Terry

"When I first used Rinsol I thought if it only saved half of the usual rubbing it would be wonderful. The directions for mixing it up were easy to follow—and I got a beautiful sudsy tubful for the clothes to soak in over night. And in the morning—most of the dirt dropped right out in the Rinsol suds, as I washed the clothes up and down. One or two really ground-in spots came out like magic when I put a little dry Rinsol on the spots and rubbed lightly between my hands. Two good rinsings and the clothes were beautifully white and ready for the line at 9 o'clock instead of not till noon. There was no more of the exhausting work that washing had always meant before. The clothes clear to me. Terry, New York City."

# FIRST GENERAL SNOW STORM OF SEASON

BOSTON, Nov. 5.—The first general snow storm of the season struck northern New England today. In Vermont, New Hampshire, northern Maine and western Massachusetts the fall was lashed deep while along the coast it was limited to occasional flurries at intervals in a heavy rain. The down-pour was accompanied by a strong northwest gale.

## WILL OPEN NEW HEALTH CENTRE

The Lowell board of health will open a new health centre within the next few days, the principal function of which will be treatment of genito-urinary diseases. Clinics will be held four days a week at city hall and the board, in session this morning, approved the appointment of Dr. Harold L. Leland as the physician in charge. The board has the assurance that this appointment will be subsequently approved by the state board.

In addition to Dr. Leland, a nurse will be appointed to assist in the work and the large amount of paper work involved will call for an additional woman clerk, who will be added to the health office staff.

For the time being the clinic will be held in available rooms in city hall, although the board has hopes of acquiring additional rooms on the ground floor, adjacent to the present offices.

The health centre will be financed by the state, which will contribute \$1000 a year for its maintenance. The clinics will take over all the genito-urinary work now being done at the Lowell hospital and the board feels sure that it will become a great agent for good in the work of the health department.

## MATRIMONIAL

Mr. Hervey Boisvert and Miss Marie Louise Boisvert were married this morning at a nuptial mass celebrated in the private chapel of St. Joseph's rectory at 8 o'clock, the officiating clergyman being Rev. Armand Baron, O.M.I. The couple were attended by their respective fathers, Messrs. Joseph and Arsene Boisvert. At the close of the ceremony a wedding breakfast was served at the home of the bride's parents in Hancock avenue, and later the

# FOR MAYOR

To the People of Lowell:

In view of the splendid support which I received at the Municipal Primaries in 1917 I feel that I should again become a candidate for Mayor. At that time under the most discouraging conditions and overwhelming odds created by a multiplicity of candidates, I received the endorsement of hundreds of voters in every ward and precinct throughout the entire city, and failed of a nomination by a bare eighteen votes.

I stand today where I stood then, free and uncontrolled and ready to go to City Hall to serve the people for the best interest of all.

I shall make an aggressive campaign, and go before the voters asking the fair consideration of all citizens who believe in a clean, open and democratic administration of the City's affairs.

Very Truly Yours,

JOHN J. GILBRIDE, 9 Prospect Street

Adv. couple left on a wedding tour and upon their return they will make their home in this city.

## Landry-Fillon

At a solemn high nuptial mass celebrated at St. Louis' church at 8:30 o'clock this morning and in the presence of a large number of friends and relatives Mr. Joseph Landry, a former sergeant at Battery F, who saw service in France and Miss Pearl Virginia Fillon, daughter of Mr. and Mrs. J. A. Fillon of Hildreth street, were united in the bonds of matrimony. The celebrant of the mass, who also performed the marriage, was a brother of the bride, Rev. Henri Fillon, pastor of St. Joseph's church, Everett, and he was assisted by Rev. E. J. Vincent

as deacon and Rev. F. X. Gauthier as sub-deacon. During the service the regular church choir augmented for the occasion by several members of Notre Dame academy alumnae of which the bride is a member, rendered appropriate hymns, Mr. Oller J. David directing and Miss Ida Mongrain presiding at the organ. The bride, who was attired in a blue traveling suit trimmed with beaver and carried American beauty roses, was given away by her father, Mr. J. Anacleto Fillon, while the groom was attended by his father, Mr. Damase Landry. At the close of the ceremony the bridal party repaired to the home of the bride's parents, 315 Hildreth street, where a wedding breakfast was served to the

## MRS. BALLINGTON BOOTH

Little Mother of the Prison  
Gives Her Experiences of  
the War

How the men and women behind prison walls did their bit to overthrow the Kaiser and his war-mad chiefs was thrillingly depicted by Mrs. Maud Ballington Booth, "Little Mother" of American prisons, at the First Congregational church last evening. Mrs. Booth's lecture was the second to be given this season under the auspices of the Down Town Men's club of the church, and despite the fact that last evening was "election night," and the weather man was none too kind, a large audience heard the "Little Mother" tell of her experiences "over there" and "over here" during the war.

Thousands of bandages and knitting needles for the Red Cross workers were made by men in American prisons during the conflict, Mrs. Booth declared. The men worked overtime and bought Liberty bonds and War Savings Stamps with the money they saved. In one prison they bought bonds to the amount of \$150,000. Many of them were granted a parole and somehow managed to get in to some branch of the service, she said.

Fully 75 per cent. of the prisoners whom her organization, the Volunteers of America, has cared for have made good after their release, she declared. It is a mighty good investment, she said, to save these men and women from returning to criminal lives by offering them a helping hand when they most need it.

Mrs. Booth also told of her trip to France, under the auspices of the Red Triangle. She saw something of Germany at the close of the war, and said that the doughboys wasted little time in Americanizing the German villages after their arrival. Re-naming the streets after the familiar names in vogue in Yankee-land was one of their specialties, she said. She also paid a high tribute to the work of the Y.M.C.A. in France.

The largest pearl fisheries in the world are in the Persian gulf, near Bahrain, where the fishing has to be done at night on account of the intense tropical heat of the sun.

## IT PLEASED A QUEEN TO KISS HER

WASHINGTON—Pretty little Corliss Theresa Nolan sat by her daddy, Congressman John I. Nolan, on the floor of the house when the king of the Belgians was received. In the gallery was Queen Elizabeth and the little girl waved her a merry greeting. Then, wonder of wonders, the queen asked to meet her, kissed Corliss on the cheek and told her it was she who brought the sunshine, when she found California was Corliss' home.

## LICENSE COMMISSION

The following minor licenses were granted at the regular meeting of the license commission last evening:  
Lodging house, Benjamin Ward, 207 Appleton street; common victualer, Kostantyn Dobrowski, 101 Lakeview avenue; to sell ice cream on the Lord's day, Bonnie Oberstein, 240 Chelmsford street, and substitution of an automo-

bile for jitney purposes, Patrick Keegan, 467 Mammoth road. The motor bus license of Helen Terid was surrendered and cancelled.

### RECEPTION TO SERVICE MEMBERS

The members of the Barbers' union, who served in the world war, were tendered a welcome home reception in the form of a banquet and reception last evening. The affair, which was in the form of a banquet, was largely attended and was one of the most successful events conducted by this organization.

A very interesting address was delivered by the president of the organization, John B. Curtin, who paid a glowing tribute to those who donned the uniform, and particularly to the

memory of Jacob Simoneau, who gave up his life for the sake of democracy. Entertainment numbers were also given. Those whose names appear on the honor roll are George Paquette, Joseph F. Langlois, Peter Toplan, Oscar St. Francis, Edward Curtin, Andrew Burns, Jr., Joseph Fallon, Joseph Roy, Frank Martin, Ellery Deslandes, and Jacob Simoneau (deceased).

### WILL WELCOME SERVICE MEMBERS

Plans for the welcome home celebration which the O.M.T. Cadets are to give those of their members who served in the world war were given

a decided impetus last evening when Adj. Francis Gargan was assigned by Rev. Denis A. Sullivan, O.M.T., spiritual director of the Cadets, to have full charge of the affair. The date of the affair has been set for Jan. 7. A tag day, minstrel show and dances will be held before the reception takes place to enable the friends of the organization to assist in welcoming home the service men.

The anniversary of the founding of light the Cadets will be observed Dec. 10 with a banquet and entertainment. On Jan. 8 the annual officers' ball will be held.

### WILHELM FORGOT HIS WAR FLAG

NEW YORK—One thing the ex-kaiser forgot in his hurried flight to Holland his battle flag which always flew from the radiator of his auto. The Countess Liederkerke acquired it—without permission, and it's on exhibition in New York now. The picture shows the countess standing by the flag.

## RECOUNT IN NEW YORK

Tammany Man Defeated by  
1363 Votes for President  
of Aldermen

NEW YORK, Nov. 5.—Complete returns of the vote for president of the board of aldermen show that Representative F. H. Laguardia, republican, defeated Robert L. Moran, democrat incumbent, by 1363 votes. An official recount will be asked for in Mr. Moran's behalf. The vote was: Laguardia, 403, 051; Moran, 401,688; James O'Neil, socialist, 126,365.

Charles F. Murphy, the Tammany leader, refused to admit early today that Moran had been defeated. Samuel S. Voeenig, chairman of the New York county republican committee, was equally positive that Laguardia had won by a small margin. He attributed the candidate's success largely to his record as an aviator during the war.

Tammany lost all three contests for seats on the supreme court bench in the first and second judicial districts. James A. Foley, son-in-law of Leader Murphy, scored a moderately easy victory over James O'Malley, his republican opponent for surrogate of New York county. This was about the only solace Tammany found in the result, for Henry H. Curran, republican, was elected president of the borough of Manhattan.

Renel L. Haskell, republican, was elected a county judge in Brooklyn on a "wet" platform, and Harry B. Lewis, republican, won another term as district attorney of Kings county.

The socialists failed to make good their claim they would poll a larger vote than they did in 1917 and were credited with little more than 10 per cent of the ballots cast for aldermanic president.

One of the interesting subjects of speculation is the part played by the 353,000 registered women voters in defeating Tammany. One of the factors

## WHAT FAMOUS ACTORS DO FOR THEIR TEETH

No class values appearance so much as those of the stage and films, and their teeth come first. They want them clean and highly polished.

Cecil Lean, who has the most perfect teeth on the American stage, uses Albodon Dental Cream. So do Cleo Mayfield, Emmy Wehlen, Mae Murray, and the great star of the movies, Eddie Cantor. They take no chances with potash and carbolic acid tooth pastes, with gritty things that wear away enamel.

Albodon is calcium carbonate, saponified and mixed with the well-known oils of cloves, cinnamon and eucalyptus, which authorities declare is the efficient and safe composition for women and children, and so naturally for you. It is in equal parts cleansing, polishing and antiseptic. A tube containing 55 brushings is sold everywhere for 25c. It is unnecessary to pay more.—Adv.

In the success of the republican supreme court candidates was the support given them by William H. Hearst.

## REPUBLICAN SWEEP IN PHILADELPHIA

PHILADELPHIA, Nov. 5.—Congressman J. Hampton Moore of the third Pennsylvania district, who was elected mayor of Philadelphia yesterday, received one of the largest republican pluralities ever given a mayor of this city. Coming out of a bitter primary fight, in which he won by only 1312 votes in a total of 300,000 ballots cast, Moore carried the city, according to the complete unofficial count by 153,516 over Harry D. Westcott, his democratic opponent.

The republicans also elected all their candidates for county officers by large pluralities and all their councilmanic candidates, the majority of whom were pledged to support the new city administration.

## MAYOR ROLPH WINS IN SAN FRANCISCO

SAN FRANCISCO, Nov. 5.—James Rolph, Jr., was re-elected mayor yesterday defeating Eugene Schmitz, a former mayor, by approximately 20,000 plurality.

In the contest for district attorney Matthew Brady, police judge, was leading Charles M. Fickert.

The campaign for the district attorneyship was given unusual prominence because of the fact that Fickert led the prosecution of Mooney and others charged with murder in connection with the preparedness day bomb explosions in 1916.

All candidates ran on non-partisan tickets, there being no party designations.

## ESCAPED FROM STATE INFIRMARY

Lowell police are searching today for three young women who escaped last night from the state infirmary in Tewksbury.

Winifred Bohan, one of the trio, is described as 18 years old, weighing 121 pounds, and 5 feet tall. When last seen she was dressed in a dark waist and plaid skirt. She has blue eyes and black hair.

Helen Dearborn's age is given as 19, and she is described as having brown hair and eyes, weighing 115 pounds and a trifle over 5 feet in height. She wore a blue dress, pink sweater and hat.

The other girl, Bertha Wyman, is 15 years old and was wearing a pink dress and blue coat when last seen. She has blue eyes and brown hair and weighs about 113 pounds.

## RATIFY SUFFRAGE AMENDMENT

AUGUSTA, Me., Nov. 5.—The amendment to the federal constitution giving women the right to vote, was ratified in the house today in concurrence with the senate. The vote was 72 to 55.

## RIOTING BREAKS OUT WHO SAID

Red Pepper Thrown Into  
Eyes of Officers by Women  
Near Steel Plant

YOUNGSTOWN, Ohio, Nov. 5.—Rioting broke out at the plant of the Youngstown Sheet & Tube company again today, when 50 women attacked the sheriff and his deputies when the officers tried to keep them from preventing workmen entering the plant. Red pepper was thrown into the eyes of the officers as the women tried to seize their revolvers.

## NEWS OF THE DAY IN POLICE COURT

On the charge of stealing a letter, valued at 5 cents, from John Goodier, Oct. 21, Peter Bissop of this city was turned over to the federal authorities when his case was called on continuance in police court today, and the charge against him placed on file. The police allege that he stole the letter from a mail box in a down town lodging house. The charge which the federal authorities have preferred against him is larceny of mail from a private letter box. Bissop pleaded not guilty when first arraigned here.

West After Sugar  
"She went out to buy some sugar and she never came back!"

Thus John Santos, father of 17-year-old Mary Santos, who was arraigned today on the charge of stubbornness, explained the disappearance of his daughter last Saturday. Mary was afterwards located in New Bedford. It wasn't brought out whether Mary succeeded in getting the ever elusive sugar before she went to New Bedford. Probabilities are she didn't, sugar is mighty hard to find in Lowell these hectic times.

Be that as it may, they continued Mary's case until tomorrow, she having expressed a desire to enter into a matrimonial alliance with a young man with whom she had been "keeping company" for a long time, and her parents apparently having no objections to the tying of the knot.

Drunk Offenders  
For drunkenness Dennis Lynch paid a \$10 fine, and two other men who were found guilty of departing from the paths of sobriety were given suspended sentences to the house of correction.

## MOTION FOR ARREST OF JUDGE LONG

MONTPELIER, Vt., Nov. 5.—A motion for arrest of judgment has been filed in Washington county court in the case of George A. Long, who, last Friday was found guilty of murder in the second degree in the death of Mrs. Lucina C. Broadwell in Barre, the night of May 31, 1918. It is not now probable that court will pronounce sentence on Long today.

## DYSPEPSIA?

A Stuart's Dyspepsia Tablet After a Hearty Meal Makes You Feel At Ease—Avoid Gas, Belching, Sour Risings or Other Such Troubles From Indigestion.

Food prices are high, but if the stomach is weak with dyspepsia,

"Cleaned Up a Square Meal and It's a Stuart's Dyspepsia Tablet For All-round Stomach Comfort."

The burden is doubled. The point is to enjoy the meal without distress—not pay for food only to suffer. The best plan is to eat what you like best, and follow with a Stuart's Dyspepsia Tablet. Thus you satisfy your appetite, taste and stomach, you get nourishment from what you may have thought was indigestible, without sour risings, belching of wind or logs, lazy feeling.

To thus be a free lance in eating palatable food, to make all the good things of the table your favorites is getting away from a sort of bondage that holds a host of men and women in the grasp of dyspeptic fear.

Get a box of Stuart's Dyspepsia Tablets from any druggist in the United States or Canada and have no fear of food, fried or otherwise.—Adv.

## SECTARIAN ISSUES IN N. F. ELECTION

ST. JOHN'S N. F., Nov. 5.—Delayed returns from distant coast districts of Newfoundland given out today indicated that as a result of the general election of last Monday, the legislature would be divided largely on sectarian issues with Protestants mainly composing the new government and the Catholics forming the opposition. The present government is headed by Sir Michael Cashin, a Catholic, a fact which was made prominent in the campaign by Protestants of extremist views who argued that in a country two-thirds Protestant, the premiership should be held by one of that faith.

The returns show that Sir Michael and his colleagues were re-elected from the Ferryland district as were Minister of Public Works Woodford and colleague from Harbor Main.

## A GUARANTEED TIRE FOR

Here is without question the most extraordinary and amazing sale of tires and tubes ever brought to the attention of the motoring public. It is at once an occasion of commanding importance and it compels the attention of everyone who is interested in the saving of money on tires and tubes.

For four days, November 5th to November 8th inclusive, to every customer purchasing one tire and one tube at the regular list price we will give an extra tire for \$1.00 and an extra tube for \$1.00. In other words you practically get two tires for the price of one, and two tubes for the price of one. Such widely known makes of guaranteed first-tires as the Keystone (guaranteed 6000

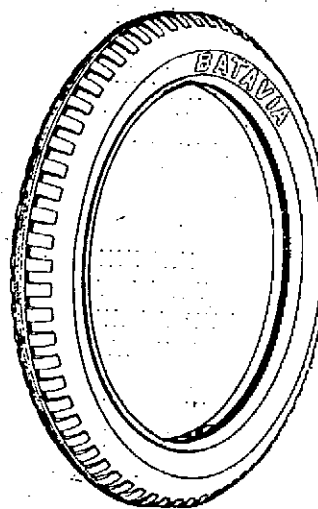

miles), the Batavia (guaranteed 6000 miles), and the Century Plainfield (guaranteed 6000 miles) are offered in this sensational sale. Included are also our entire stocks of "seconds" in such widely known makes as Firestone, Fisk, Boone, McGraw and other favorites. All big values even at regular prices but in this sensational \$1.00 sale the values are greater than were ever dreamed of by any car owner.

This event will give the hundreds of people who were disappointed and could not take advantage of a similar sale held recently an opportunity to get their share of these bargains in tires.

There is sure to be a big rush of buying following this announcement so come early before the size assortments are broken. First choice is best choice. Only two tires and two tubes to a purchaser.

NO TIRES MOUNTED DURING THIS SALE. In every instance these prices are absolutely genuine factory lists and there is no war tax charge added.

FOR EXAMPLE: The regular retail price for a Keystone Tire, size 30x3, is \$17.68 and the regular retail price for a Keystone Tube, size 30x3, is \$3.48. If you buy one of each at these prices, we give you an additional tire for \$1.00 and an additional tube for \$1.00. The same applies to other makes and all sizes of any tire or tube we carry in stock.

ELECTION RETURNS AND "MOVIE" PICTURES

Despite the drizzle of rain which began yesterday afternoon and continued intermittently until late in the night, a large crowd assembled in Merrimack square to enjoy the election returns and moving pictures provided by the city on a screen stretched across the square.

MAY ABANDON COOK WELLS FOR GOOD

A well field of such size has been located on the upper boulevard that except in the instance of a great emergency, Lowell will never be obliged to operate the Cook wells, according to Commissioner Charles J. Morse. The wells now have been idle for 11 weeks, during which time the commission has been figuring out the cost of their maintenance and operation, which is approximately \$110.40 a day.

Despite the fact that the Cook wells have not been in operation for the past

three months there have been no signs of a water shortage and the supply has been constant and wholly adequate. Also, at the present time, Lowell water tests higher grade than at any time during the past three years. The last bottle sent to Boston for analysis was returned with the notation that it ranked higher than any other sample received from this city during that length of time.

FOR ACCOMMODATION OF PASSENGERS

That the trustees of the Eastern Massachusetts street railway will in all probability grant the request of the Lowell board of trade asking them to place the 16-rides-for-a-dollar fare tickets in the hands of conductors for sale to passengers was the statement of Thomas Lees, manager of the local division of the road, today.

Mr. Lees said that if it is a fact, as the board of trade has reason to believe, that street car patrons are suffering some inconvenience in the purchase of tickets as a result of being now forced to purchase them at one of the several stores selling them throughout the city, he has no doubt that the trustees will speedily remedy the situation by allowing the conductors to handle the sale of the tickets in future. Personally, he is in favor of any arrangement which will be of benefit to the riding public, he declared.

The United States holds half the world's diamonds, its share being valued at \$1,000,000,000.

Coolidge Sweeps Lowell

brought forth in the campaign served to call out a record-breaking registration and consequent heavy vote. The weather was somewhat favorable for voting as heavy clouds that overhung the city for the greater part of the day refrained from letting loose until the polls had closed at 4 o'clock.

COOLIDGE IS BOOMED  
AS NEXT PRESIDENT

BOSTON, Nov. 5.—Introduced at the next republican candidate for president, Governor Coolidge received an ovation lasting several minutes last night when he was introduced to members of the Massachusetts Republican club and other prominent republicans who had gathered in the banquet hall of the American House to receive the election returns and to glory in their victory.

Every republican member of the state ticket appeared there during the evening and were cheered as they expressed their thanks to the voters for their support. Ex-Senator Weeks was among those who spoke, but the familiar figure of Senator Henry Cabot Lodge was missing.

Frank B. Hall, chairman of the republican state committee, brought the presidential sentiment, that had been growing steadily throughout the hall as the returns began to pile up in favor of the governor, to a head when he shouted, in introducing the governor: "You have not only re-elected your governor for another year, but you have also nominated the next president of the United States." Other speakers expressed similar sentiments and were received with cheers.

Governor and Mrs. Coolidge received the early returns at the Adams House. Later they were guests of friends at the Touraine and then at the bulk of the figures began to come over the wire the governor joined the other candidates on the ticket at the American House, where special telephones and telegraph service had been installed for the occasion.

According to Lieutenant Governor Cox, election night, this year, was the greatest night in republican history in Massachusetts since Abraham Lincoln's re-election during the Civil war, and in the words of former Senator Weeks, "the election showed that on an issue clearly understood the American people are united."

A DISCOVERY THAT  
BENEFITS MANKIND

Two discoveries have added greatly to human welfare.

In 1835 Newton originated the vacuum process for condensing milk with cane sugar to a semi-liquid form.

In 1883 Horlick at Racine, Wis., discovered how to reduce milk to a dry powder form with extract of malted grains, without cane sugar.

This product HORLICK named Malted Milk. (Name since copied by others.) Its nutritive value, digestibility and ease of preparation (by simply stirring in water) and the fact that it keeps in any climate, has proved of much value to mankind as an ideal food-drink from infancy to old age.

Ask for HORLICK'S—Avoid Imitations

can people all show that they are right to the core."

Ex-Senator Weeks declared that the stand taken by the Massachusetts voters would be received favorably among true Americans in every state in the Union. "It is the most important Massachusetts election that I can recall and it stands out as a significant victory for right and truth," he said. "It also means that the election this year leads the way for the presidential election of 1920, and shows that without a doubt the next president will be a republican."

J. Weston Allen, attorney-general-elect, stated that for the last few weeks he had been speaking at rallies for the republican ticket, "mostly before democrats, but I think all these democrats changed into republicans within the last 24 hours."

Fred J. Burrell, the state treasurer-elect, spoke briefly, thanking the voters for his election, and declared the election a great victory for republicans.

GOVERNMENT WILL TAKE  
OVER GRAND TRUNK

OTTAWA, Nov. 5.—The house of commons today passed the bill providing for the government acquisition of the Grand Trunk railroad by a vote of 54 to 53, a government majority of 31. The bill now goes to the senate which is expected to send it back to the house with an amendment providing that the value of the guaranteed shares be submitted to arbitration by the same method as the ordinary shares are in the bill as passed by the house.

LARGE VOTE CAST IN  
SURROUNDING TOWNS

The towns surrounding Lowell stepped in line with the city proper yesterday in casting exceptionally large votes. Every town supported Gov. Coolidge by substantial margins and in most instances lent their weight to the entire republican ticket. In Dracut, however, the home of Hon. John T. Sparks, candidate for senator in the eighth district, the tables were turned to some extent and Mr. Sparks led Frank H. Putnam by 77 votes. The other towns were unanimous in their support of Mr. Putnam, but in a number of instances the Sparks forces made net gains over the vote which the Dracut man received three years ago. Gardner W. Pearson, elected in the seventh senatorial district, was warmly supported by the towns.

The results in the principal contests in the towns surrounding this city were as follows:

Dracut  
For governor, Coolidge 352, Long 157, Lieutenant governor, Cox 337, Herbert 179. Treasurer: Burrell 307, Wood 207, Senator, 8th senatorial: Putnam 242, Sparks 319.

The Easiest Way  
To End Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Adv.

THEIR HATS IN THE  
MAYORALTY RING

Treading hard on the heels of the state election comes the city primaries and its proximity was brought forcibly to the public mind today when James E. O'Donnell, Jackson Palmer and John J. Gilbride announced their candidacies for the office of mayor. Mr. Palmer's decision to run for the high-

est office the city bestows was made prior to the state election, and whether or not Plan B was accepted yesterday.

Mr. O'Donnell twice has served the city as mayor and was defeated two years ago by the present incumbent, Mayor Perry D. Thompson. Mr. Gilbride was a candidate in 1917 but failed a nomination by a scant margin. Mr. Palmer was a candidate a few years ago, but lost out in the primaries under the present charter. During the war he served in France as a commissioned officer in a coast artillery unit.

For the first time in the history of the Holy Land, Christians, Jews and Moslems, their racial and religious hatreds forgotten, are working side by side in industrial workrooms by the American Red Cross in line.

Special recipes are not necessary for using Mazola. Use any of your own—and with less Mazola than of butter or lard.

Being 100% pure fat—containing no water or air—Mazola is not only less wasteful, but you use ¼ to ⅓ less Mazola for shortening, as in pie crusts, biscuits, etc.

And after using Mazola for deep-fat frying you can use it over and over again—it carries no flavors or odors. Another remarkable economy feature that has made Mazola the most popular of cooking oils.

### RED CROSS WEEK

This is Red Cross week and certainly there is no other appeal that should bring a more liberal response. All through the trying times of the war, the Red Cross exceeded all expectations in the extent of its benevolent work and heroic sacrifice in the face of danger. The people of this and every other civilized nation have reason to thank God that such an organization stands ever ready to respond to the call of suffering humanity in practically every part of the civilized globe.

The war has demonstrated the indispensability of the Red Cross and this week the people are asked to show their gratitude for what the organization has done by becoming part and parcel of its membership. The fee is only \$1 a year and it seems that nobody who has a dollar to spare can put it to better use than obtaining a membership card in the Red Cross.

The history of this organization during the war period would make a book of thrilling stories of heroism and sacrifice. Some of these stories have been told in the public press. Most of them will never be told in public, but they are known to the members and to the public.

Cross nurses. Lowell has done her share in the war; she should also do her part in the time of peace in promoting such an organization as the Red Cross.

The end of the war will soon be officially declared and the army will be demobilized but there will be no demobilization of the Red Cross. Even in the times of peace this organization of mercy will find always enough to do in the relief of suffering, the prevention of disease and promoting the physical well-being of humanity in general.

Wherever we find disease or pestilence making inroads upon the people and cutting off human lives, there will be found the Red Cross fighting the battle of humanity with fearless fortitude and self-sacrifice.

It is useless to attempt to convey an adequate idea of the work of the Red Cross. Suffice it to say that it is to the interest of every man, woman and child in Lowell to sustain this organization and give it the necessary support in the performance of its beneficent work. We feel that Lowell will do her duty.

### MEDICAL ETHICS

We have read of the proposition that ministers may have to organize in order to secure enough to give them a decent living; but now comes Dr. Cabot of Boston, the well known surgeon, who, while he does not propose that doctors shall join the American Federation of Labor, does say that they must organize for their own benefit and protection. He is opposed to the plan of "feesplitting" when a physician passes a patient over to a surgeon, a practice of which the patient is ignorant and which leads to "an unnecessary number of operations." This is a rather startling admission from such an eminent authority and there is no reason to doubt the truth of his statement.

Dr. Cabot is also opposed to the common practice of lying to patients in order not to alarm them unnecessarily over their illness. He feels that it is best not to tell them anything if it is decided that the truth would be harmful. Another criticism of the medical profession made by Dr. Cabot is that the average practitioner is too unwilling to admit his inability to cope with all diseases. Remembering that of the 400 known diseases, drugs offer a positive cure of only seven and serums the prevention of five, there is no reason to suppose that any doctor is expected to cure all the ills to which the flesh is heir.

Dr. Cabot thinks the income of the medical profession might be stabilized by the group system under which a certain number of families or a community would pay a certain amount yearly to a physician for treatment in case of illness. That arrangement would perhaps be cheaper for some families, more expensive for others, and more satisfactory to the doctors as insuring a fixed income during a given period. It appears, however, that despite the radical increase in fees, the doctors still feel the effect of the high cost of living and if we are to credit some who have recently suffered hereabout, it would appear that the H. C. L. is not a circumstance to the high cost of death and burial. Therefore, we might say to the dejected in all professions that it is better—

"bear those ills we have Than fly to others that we know not of."

### LADY ASTOR'S CAMPAIGN

Lady Astor is attracting much attention as a unionist candidate for the British parliament from Plymouth, England, to succeed her husband who has been raised to the peerage and leaves the house of commons.

Lady Astor was formerly Miss Nannie Langhorne of Virginia and her husband was a wealthy American who disliked American society and institutions, and decided to join the British aristocracy in order to win a title, and hobnob with royalty. He has succeeded fairly well thus far in winning British favor and Lady Astor has won popularity by her work for charity during the war. Setting out to canvass votes for parliament, she tells the people that she wants their children to

dren tends to confirm this statement.

Already the independent candidate has withdrawn and it is likely that there will be a lively contest. She is entering upon her campaign with all the zeal of a real American politician. Being a famous beauty and a good talker, it is likely that she will win great popularity. The women are all with her and she is winning support of the men on all sides.

If elected she will be the Miss Rankin of England. She will, however, excite the deadly jealousy of the Pankhursts who have been the leaders of the woman suffrage movement, making such election possible.

### MINERS RESPECT THE LAW

It is gratifying to find that the miners' strike has thus far been conducted in an orderly manner. It is apparent that the action of the court has commanded respect even in quarters where it has sometimes been conspicuously lacking.

If the miners conduct themselves in an orderly way, there is no reason why the questions involved should not be settled in a manner satisfactory to both sides in the near future. For the first time, perhaps, since President Cleveland sent troops to quell a disturbance in Chicago, a large number of industrial workers have been impressed with the force and power of the government. This does not indicate any disposition on the part of the government to curtail the rights of the miners, but merely the determination to protect the public against a threatened calamity. It is an assertion of the constitutional principle upon which our government is founded that the interest of the public is paramount. It is well that this principle should be fully understood by every resident of the United States whether naturalized or otherwise. No longer will a small number of strikers or agitators be allowed to menace the people of the entire country by cutting off the supply of fuel and thus threatening a condition in which the lives of the people would be imperilled.

### THE REFERENDA

The citizens of Lowell showed good judgment in defeating Plan B charter yesterday as the necessary amendments can be made early next year and a charter suitable and safe submitted at the next state election for adoption.

The double platoon system for firemen was carried on the assumption that it is a just measure and that although the firemen are unwisely affiliated with a labor organization, they are bound not to strike under any circumstances. They will fare better in the future if they cast off this onerous connection.

The people of Pawtucketville are going to honor their service men in their own way and in one which will convince the soldiers that their sacrifices are duly appreciated. With celebrations in Centralville, the South End and other parts of the city, some might come to the conclusion that Pawtucketville had disappeared from the map of Lowell. Not so, however, while the people of St. Columba's parish led by Rev. Fr. Hally have the full co-operation of Rev. A. S. Lyon of the Pawtucketville church and members of his congregation, the Lowell public will soon know where Pawtucketville stands in the matter of honoring her noble sons who served in the war. It is safe to say that December 3 will be a red letter day in the annals of Pawtucketville.

It is the coal operators who object to the fixing a maximum price for coal. The charges that they have been profiteering are strengthened by this proof that they want the opportunity.

### MAN ABOUT TOWN

If you're a movie fan it may comfort you to know that you needn't any longer apologize for enjoying Charlie Chaplin's pictures. No less than America's most popular actress, Mary Roberts Reinhardt, has declared that she finds Charley, whom she recently met on a "movie tour" among the studios, a truly great artist. However, we venture to say that there are many thousands of folks in this big country of ours—grown-ups and kiddies alike—who never cared to bridge on the delight which Mr. Chaplin and his versatile face have brought to them when, tired after a day of work and worry, they journeyed to the picture theatres to watch his funny antics. Verily, when the roll call is answered up yonder there will be many who will put in a good word for him should old St. Peter show hesitancy in swinging open the golden doors.

The purchase of a good pair of shoes is a very important thing for one who is going to the city.

### ANAEMIA

MRS. HENRI CHAPDELAINE

I was in such a weakened condition that I had no courage for anything, and the best part of my time was passed in resting, as I was always tired. This state of affairs was brought on by the fact that I had to start working at a very early age. My grandmother, who had used RED PILLS and had great confidence in them, made me take them for a while and they did me an immense amount of good. In fact, after taking them regularly I am now in the best of health, have a good complexion and am happy to be feeling so good.

was discussing the steel strike the other evening and said that his firm had not yet experienced any great difficulty in getting sufficient material for its present needs, at least. In the course of the conversation, however, he told an interesting story that he got first-hand from one of the parties involved. It had to do with no less a personage than Mr. Henry Ford, Mr. Ford, of course, is more or less interested in the steel strike as his well known product of locomotion calls for some of this material, popular assertion to the contrary notwithstanding. Owing to the volume of production maintained at the Ford factory it is necessary that there be a continual supply of steel forthcoming. The strike, of course, caused a let-up and immediately Mr. Ford sent out emissaries to New England to get some of the smaller manufacturers here to increase their normal then stepped in neatly and cleaned up on the extra steel. That's why the little old Ford is continuing to run right along, despite the strike.

### DISTILLED SPIRITS FOR MEDICINAL PURPOSES

The use of distilled spirits for bona fide medicinal purposes is not considered to be a beverage use of alcohol and, accordingly, the United States Treasury department has announced a decision amending its existing regulations to allow the use of non-beverage distilled spirits in filling physicians' prescriptions.

Previous to June 30, 1919, prescriptions could be filled only with distilled spirits which were taxpaid at

### "One Pain in My Foot!"

"Sometimes it is in my arm. Merciful Heaven, how my back hurts in the morning!" It's all due to an overabundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice of Dr. Pierce, which

"Keep the kidneys in good order." "Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking Anuric." This can be obtained at almost any drugstore.

Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, (take heed, before too late. Get Anuric (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents

the rate of \$6.40 per gallon and then only by persons holding a retail liquor dealer's license.

Since June 30, 1919, to the time the amendment went into effect prescriptions could be filled by druggists holding permits from the internal revenue office, but only when written by physicians holding similar permits; the spirits used in this instance being taxpaid at the rate of \$6.40 per gallon.

"According to this amendment," Acting Collector Andrew J. Casey explained, "non-beverage distilled spirits or alcohol taxpaid at the rate of \$2.20 per gallon may be used in filling physicians' prescriptions, instead of that taxpaid at the rate of \$6.40 per gallon, whether the spirits of alcohol is medicated or denatured so as to render it unfit for beverage use or whether it is not so medicated or denatured. Any regulations or instructions inconsistent with this amendment are revoked."

Agents of the internal revenue office will keep in close touch with the records of all such sales to ascertain if

Such service as his is not at all only for high purpose and broad vision, but for effective accomplishment.

A brief business meeting of the Organization was held at 4 o'clock, followed by a delightful musical, during which the Lenox orchestra played and several selections were sung by Mrs. E. J. A luncheon was served and a social hour brought the afternoon to a close.

DOUBLE MAIN EVENT  
AT C. A. A. TOMORROW

Two main bouts have been lined up by the matchmaker of the Crescent A.A. for tomorrow night. He calls it a double main event.

Bennie McCoy, the clever bantamweight from Baltimore, who recently boxed Roy Moore a sensational 15-round bout here, will meet Dutch Brandt, the aggressive hard hitting Brooklyn bantam. Brandt has mingled with the best in his class, having fought such men as Battling Lahm, Jabez White, Joe Lynch, Frankie Burns, Joe Burman and Champion Pete Herman. McCoy will have to travel at top speed to win a decision over this youngster.

Jimmy Duffy, the fighting Harp from New York who three weeks ago gave Barney Adair one of the toughest battles of his life, will meet the tough Bridgeport boy, Al Ketchell. Ketchell on last week boxed Billy Duffy and made quite a bit with the fans. This bout will be a hummer, as both boys like the milling and a great fight will be expected.

The Crescent sure made a ten strike when they secured the services of these four boys, as all four are top notch fighters and well known throughout the country.

The winner of the McCoy and Brandt will be rematched with Roy Moore, the sensational bantamweight from St. Paul.

Frank Molins and Gerard Glanni will meet in an 8 round number and there will be a six round preliminary.

## DEMPSEY TO BOX

## BRITISH CHAMP

NEW ORLEANS, Nov. 5.—New Orleans on next St. Patrick's day is to have its first world's championship heavyweight fight since Sept. 7, 1892, when John L. Sullivan lost the title

to James J. Corbett. If Dominick Torlorie, the promoter, is able to gain the consent of Joe Beckett, English champion, to meet Jack Dempsey, world's champion, here.

Dempsey's signature was placed on a contract proffered by a promoter at Mobile yesterday and he will receive \$120,000 as his end of the purse if the match goes through. Twenty rounds is specified as the length of the fight.

The agreement between Dempsey and the promoter is conditional on Beckett's success against Carpenter.

In the meantime Dempsey has been offered \$15,000 by a local promoter to meet Bill Brennan here prior to the proposed bout with Beckett.

Lowell won over Worcester in a fast and well played game of polo before a fair sized crowd at the Crescent rink last night. The score was 5 to 3.

Lowell and Worcester are a well matched pair. Both teams have speedy and brainy leaders, students and advocates of the passing game. Lowell with Harkins and Griffith passing and receiving in expert fashion, with Davies gradually developing, present a strong scoring trio. Higgins and Taylor perform brilliantly on the offensive. With two such artistic combinations, fans are always assured of a splendid exhibition of scientific polo. That's just what took place last night and that the efforts of the performers were appreciated by the fans was indicated by the applause.

Lowell presented O'Brien at halfback and the new man was warmly greeted. He played well, fitting into the combination effectively. Lowell played smooth polo throughout. All members worked with mutuality of effort and their passing, hitting and blocking could hardly be improved upon.

Higgins did considerable juggling and his stunts made a big hit with the crowd. They always do. Taylor showed speed in going to the spot, while his driving was up to his usual standard of excellence. Lowell got the jump in the first session, scoring three goals, while Worcester failed to count. Worcester got two in the second, and the teams entered the final stanza with score 3 to 2. The last period was the fastest of the game, but Lowell would not be defeated. Harkins scored two goals, while Taylor added one to Worcester's total. The lineup:

R. J. REYNOLDS TOBACCO CO.

said the United States had pointed out  
that Japanese troops in Siberia had  
failed to protect the lives and property  
of the American railroad engineers and  
had failed to co-operate with them in  
the broad spirit of conducting the rail-  
road in the interest of the Russian peo-  
ple by permitting the transportation of  
food supplies, so necessary to the Rus-  
sians.

The American note also was said to  
have asserted frankly that unless ef-  
fective co-operation could be arranged  
the United States might feel obliged  
to withdraw its troops from Siberia,  
and that should this course be decided  
upon the American government might  
feel compelled to make public the rea-  
sons for the withdrawal.

Press despatches from Omsk, dated  
Oct. 21, and received in the United  
States yesterday, said that Col. Geo. H.  
Emerson of the American railway com-  
mission had ordered the withdrawal of  
the American Railway corps from Si-  
beria to coincide with the evacuation of  
the Czechoslovakia forces for re-  
paration to Czechoslovakia Nov. 4.

State department officials said, how-  
ever, that these forces were not to be  
withdrawn, and that the American rail-  
way commission would continue its op-  
erations in Siberia.

It was said that the members of the  
mission in Omsk had withdrawn to  
Irkutsk before the advance of the Bol-  
sheviki. Officials thought this move-  
ment led to the report at Omsk that  
the American Railway corps was to  
be withdrawn.

What plans were suggested either  
by the American or Japanese govern-  
ment was not disclosed nor was there  
any announcement as to whether the  
negotiations had been conducted.

REP. BERARD ELECT  
IN HOSPITAL

The many friends of Adelard Berard  
representative-elect for the 15th dis-  
trict, will be grieved to learn that he  
is confined to the Lowell General hos-  
pital, where it is expected he will be  
operated upon either today or to-  
morrow.

Mr. Berard had not been feeling well  
for some time, but was able to look  
after his business. Saturday he took  
to his bed and yesterday morning  
without even having a chance to cast  
his ballot at the polls, he was removed  
to the hospital. His condition at pre-  
sent, however, is not considered dan-  
gerous.

Between June, 1914, and July, 1919,  
the average weekly earnings of factory  
workers in New York state increased  
52 per cent.

## DOCTOR HERO OF "INTERSTITIAL"

ERNEST J. HOPKINS  
A Staff Correspondent  
SANTO, Cal., Nov. 5.—Dr. G. Lydston, American surgeon, pioneer in interstitial means of a painful operation performed upon himself. Relation of heroism and devotion to science, is here the public for the first time the declaration of Dr. Leo L. Lydston, physician, that Dr. rather than Dr. Serge Voronov, should receive credit for every of gland implantation. A Californian, who has practiced for many years.

Dr. Lydston recently stated he had performed this operation for a patient. Lydston's self-operation was Jan. 16, 1914, when he was old.

A partial success—sufficient to Dr. Lydston of the importance of interstitial cells, and the possibility of transplanting them from dead beings to living men.

At that time on, Dr. Lydston has used this device in his practice in the west. Dr. Stanley has followed Dr. Lydston's technique in ten cases by the special opportunity to a prison physician.

## of Science

History of Dr. Lydston's self-operation to stand high in the American heroism. A double problem of procuring human glands under proper conditions, and having a complaint "ready and waiting for the experiment," seemed insoluble," writes Dr. Lydston in recounting the self-operation.

The plan of combining surgeon and patient suggested itself, and the author decided to perform the experiment on his own person.

On Jan. 16, 1914, there was placed at the author's disposal an appropriate subject—a suicide by gunshot, had been dead 17 hours. Danger of malignant disease could not be eliminated, but was not sufficient to heavily in the balance of the opportunity to secure the long-sought gland.

Assisted by Dr. Carl Michel, Dr. Lydston applied local anesthetic, which, says, "was only partially successful." The patient himself yielded the gland and the first implantation of its was performed.

## and Theories True

The tissue so implanted lived and functioned successfully for several months, and gradually disappeared. During this interval, Dr. Lydston states, "was conscious of unusual vigor," and long-standing weaknesses disappeared.

## FAMO Is a Medicine Your Hair Needs it Daily

FAMO should be used as you use your tooth paste—every morning.

You use FAMO to kill seborrhea, just as you cleanse your teeth to ward off pyorrhea.

One is just as persistent, just as deadly in its effects, as the other—pyorrhea killing the teeth and seborrhea destroying the hair.

The action of FAMO is medicinal because it is a medicine—a medicine for the scalp and hair.

To be sure, one application of FAMO does frequently—almost always, in fact—clear the head of the deadly seborrhea germ.

So does a good medicated tooth paste cleanse the mouth.

But, skip a single day with the tooth-brush, and what happens?

Germs begin again to work on your teeth.

The same process applies to the hair. With FAMO you cleanse your scalp of seborrhea germs.

They are gone, your head is clean, and you fancy yourself safe.

But you are not safe. The germ of seborrhea will surely return—unless you continue to use FAMO.

Once a week, or twice a week, is not enough.

Every day your head should have an application of FAMO. Every morning, as regularly and as faithfully as you brush your teeth.

You can drive the seborrhea germ out of your hair with FAMO.

You can keep it out by continuing the use of FAMO.

FAMO is sold at all toilet goods counters, in two sizes—\$1 and 35 cents.

Seborrhea is the medical name for a morbidly increased flow from the sebaceous glands of the scalp. The seborrheic excretion forms in scales or flakes and is commonly known as dandruff.

## LOGS FROM TRENCHES USED FOR SEESAWS

RHEIMS, France, November.—Children are playing on seesaws improvised from logs remaining from the bombardment in Rheims and the playgrounds have been made by filling in shell holes in opening plots of ground. German prisoners have furnished the labor of preparing them. But the children are playing again, and growing healthy and strong.

The American Y.W.C.A. maintains

two such playgrounds in Rheims in distant parts of the city. Both are in the centre of populous regions and the children play in them from 9 until 11 in the morning and from 3 until 6 in the afternoon. They are safely out of the way, then, while their parents work at rebuilding their homes, or their mothers are making clothes and curtains on the sewing machines at the Y.W.C.A. Foyer des allies.

Each playground is equipped in volleyball and basketball fields, with an indoor baseball set, bean bags, story books, sand piles, seesaws and swings. When the weather makes playgrounds impracticable, games and exercises in the foyer will take their place.

The Y.M.C.A. has just opened its new foyer in Rheims on the Boulevard Lundy which has recently been cleared

of barbed wire and reopened to traffic. Sewing classes for women and girls who want them will begin there as soon as trams are running again. Classes in French spelling, letter writing, arithmetic and geography are now being offered to girls whose education was interrupted by the war.

The program for the winter will also include talks for girls who want to do domestic work, a series of lectures on health, gymnasium classes both day and night. The Marquise de Polignac is co-operating with the foyer by greatly enlarging the circulating library.

A 16-year-old girl who joined an English class in June has written the following theme on the Foyer. "The Foyer is a good institution. It gives to young girls a sane and agreeable pastime, especially in the devastated towns."

"French women will learn to know their American friends. The Foyer has done very much good and still continues to do good under the good management of the organizers. A pupil of the course, offered so generously to themselves, has suggested this idea, 'Have a library.'"

"I rally to this thought. It would be agreeable as much as possible to be able to take home a book for a certain period of time, by means of first giving security or paying a fee."

"I ask above all that the Foyer remain in France as long as possible."

## BLACK LACE EVENING GOWN IS ATTRACTIVE

By BETTY BROWN.

NEW YORK, Nov. 5.—Lace has come into its own again.

Among the many uses to which it is being put these days is the building of the all-lace frock such as our mothers wore in the seventies.

The very latest creations in evening gowns are made of lace. The one sketched is built with a triple flounce of black Chantilly over a Royal Pekin blue georgette underdress. The waist is a tight-fitting basque finished with a frill of net. The only trimming on the entire gown is a cascade of half-curved ostrich, repeating the blue of the underdress, falling over the right hip from waist and the bottom of the skirt.

The fan carried, instead of the extremely popular plumed affair, revives the Watteau designs of painted satin mounted on tortoise shell.

Slippers and stockings are of black and both are embroidered.

The umbrella is more popular than the raincoat in France.

## GERMANS SALUTE STAR SPANGLED BANNER

German waiters have elected to join French, English and American guests as they stand at salute each afternoon when the Star Spangled Banner is played in the square in front of the Y.W.C.A. Hostess house at Coblenz.

A battalion of the Eighth United States Infantry stand at retreat at 4.30 each afternoon in front of the Hostess house and it has become the custom for the orchestra to stop playing immediately at the first strains of the military band and the men and women to leave their tea-cups and go to the nearest window to stand at salute. The German waiters decided after the first time to join in the salute. The Y.W.C.A. has been requested by the army to maintain the Hostess

house as a billeting place for American women welfare workers and as a general gathering place for Americans for an indefinite period.

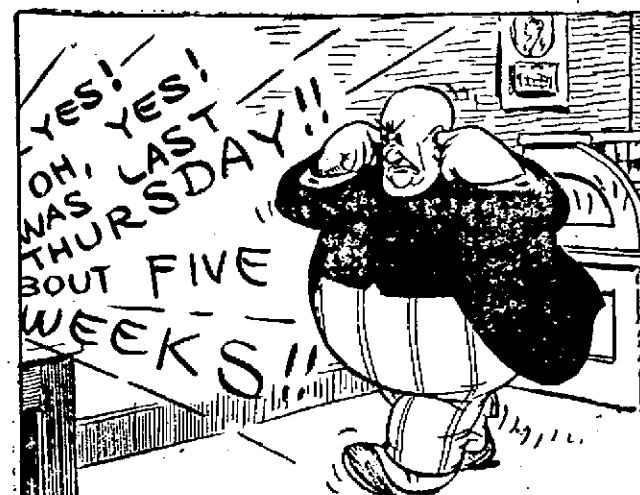

During the month of August alone 384 women were billeted in the Y.W.C.A. house, meals were served to 10,077 persons not including the 50 or so who daily take tea there nor the 3619 who have been served chocolate, tea or ice cream in the evening as they sat in the lounge listening to the music or as they drifted in between acts of the opera next door.

American, English and French women are now joining their husbands who are permanently stationed in Coblenz, and also those who are in this area on economic missions.

An old Indian tradition asserts that all bull moose of eastern and northern Maine journey in the west shore of Moosehead lake at the end of the year for the purpose of casting their antlers.

COOLIDGE  
THANKS CITIZENS

Lowell, Nov. 5.—Governor Coolidge, at a public reception last night, said: "Thanks are due to my fellow citizens of Massachusetts. I am free, without undertaking any all who have supported the cause of the supremacy of the law. The heart of the people has proven sound through and through. I have justified those who trusted they have justified America. I attempt to appeal to class prejudice failed. The men of Massachusetts are not labor men, or police men, or poor men, or any other class men first, are Americans first. The wage-earners have shown by their votes they resent trying to use them for the interests. They are for the government. American institutions are in their hands. One of those who have posed as leaders and argued that the wage-earners were patriotic because leaders told them to be may well

now inquire whether the case did not stand the other way about. It begins to look as if those who attempt to lead the wage-earners must first show that they themselves are patriotic if they are to have any following.

Three words tell the result. Massachusetts is American. The election will be a welcome demonstration to the nation and to the people everywhere who believe that liberty can only be secured by obedience to law."

The Dishes Almost Wash  
Themselves the Electric Way

How often have you said, "Oh, if I only  
didn't have to wash the dishes!"

You need not wash them any more—there  
is a better way for you—a way that is far  
superior to having a servant wash and break  
your chinaware for you.

The Electric Dishwashing and  
Drying Machine

is the solution of one of the housewives' most  
aggravating tasks. This machine makes  
every meal a pleasure—because the house-  
wife knows she won't have to dip her hands  
into dirty dish water when dinner is over.  
All she does is to carry the dishes to the  
machine, place them in the racks and presto!  
The work is done.

## Pres. Wilson Congratulates Gov. Coolidge on Victory

Ticket—Putnam Wins Over Sparks in 8th Sena-  
torial District—Pearson Elected in 7th Sena-  
torial—Voters Accept Double Platoon and Plan  
B is Defeated

Casting the largest state election vote in the history of the city, approximately 5000 more than at the 1918 state election, Lowell voters yesterday supported the candidacy of Governor Calvin Coolidge for re-election by giving him a majority of 1188 over his democratic opponent, Richard H. Long. The governor received 7799 votes and Mr. Long, 6611.

Last year Mr. Long led Governor Coolidge by 1495 votes, the figures being: Long, 6150; Coolidge, 4652.

Although the official figures have not yet been tabulated, it is a conservative assumption to estimate the city's total vote at about 15,000. In the gubernatorial contest a total of 14,410 votes were cast for the two leading candidates and this is exclusive of blanks and the

few scattering votes that the several other candidates for governor received. Officials of the city clerk's office said this morning that the largest state election vote cast here previously was in the neighborhood of 13,000.

The turn-over of this city from the usual heavy support of the democratic candidate to the republican nominee is cited by leading students of politics throughout the state as one of the most notable in the commonwealth.

Besides supporting Gov. Coolidge in his victory, the city also supported his running mate, Channing H. Cox, candidate for lieutenant governor, but not by so large a majority as that accorded the head of the ticket. Mr. Cox received only 155 votes more than Col. John F. J. Herbert, the democratic as-

pirant, who had many friends in Lowell, due in the main to his being an overseas veteran.

The question of adoption or rejection of Plan B charter, which has been under discussion continually for the past several months and which toward the last became a very vital issue, was decided yesterday when the local electorate rejected it by 470 votes. The "yes" vote was 5750 and the "no" registration 6229. This morning papers were taken out by supporters of the charter to be signed in petition for a recount. Ten qualified voters from each ward must sign the petition before it will be honored.

"VICTORY FOR LAW  
AND ORDER"—WILSONPresident Congratulates  
Gov. Coolidge on  
Re-election

WASHINGTON, Nov. 5.—President Wilson from his sick bed today telegraphed Governor Calvin Coolidge of Massachusetts, congratulating him on his re-election which the president said was "a victory for law and order."

The telegram follows:

"Hon. Calvin Coolidge, Boston, Mass.

"I congratulate you upon your election as a victory for law and order. When that is the issue, all Americans stand together."

(Signed),

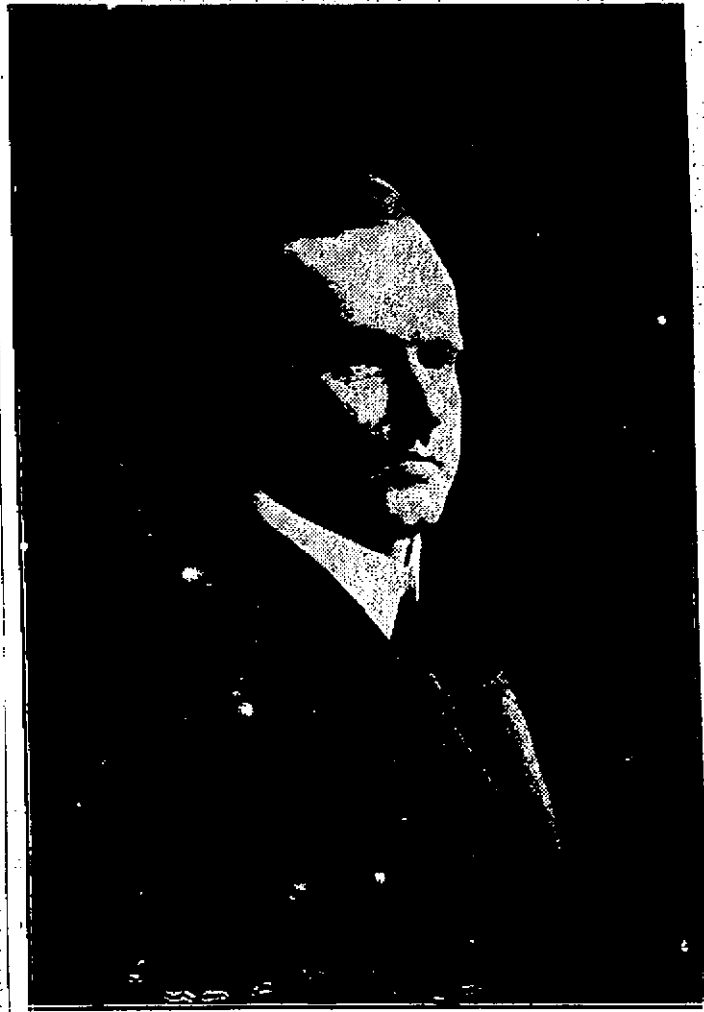

"WOODROW WILSON"

White House attaches said this probably was the first time in history that a president had congratulated a candidate of the opposite political party on his election to office.

Administration officers shared the president's view. They said Governor Coolidge's sweeping victory should go far to encourage officials generally over the country who are combatting radical propaganda, disorder and general social unrest.

FIRST SNOW STORM  
OF THE SEASON

Burns on the wings of a cutting northwest wind, Lowell's first snow-storm of the season swirled over the city today. At noon it had developed into a sure-enough snowfall, but during the forenoon it was more of a half-and-half variety—half rain and half sleet, which made outdoor work decidedly uncomfortable. It was not the sort of a snowstorm New Englanders like to see and, in fact, even after the sleet had passed through the transition period and turned into white flakes, the ground was so wet that the streets showed no signs of snow. All in all, it simply served as a reminder of what is to come and caused a more or less careful inspection of snow shovels and storm windows.

BOSTON, Nov. 5.—Governor Calvin Coolidge, republican, who made support of law and order the sole issue of his campaign, was re-elected yesterday by a plurality of 124,173 over Richard H. Long, democrat. The revised vote of the state complete was: Coolidge 317,847; Long 193,674.

The vote given Governor Coolidge was the largest ever cast for governor in this state, although his plurality has been exceeded. The total vote was unusually heavy.

Long Carried Boston by 5149. Long also opposed Governor Coolidge last year and was defeated, by a plurality of 17,035. Yesterday the Coolidge vote was more than 100,000 ahead of that of 1918, and the Long vote 4000 behind. Long's lead of 18,809 in Boston last year was cut to 5,149 yesterday.

In his campaign Long appealed particularly to the labor vote, on the ground that Governor Coolidge had shown hostility to organized labor. In

RAILROAD LEGISLATION

WASHINGTON, Nov. 5.—Temporary legislation "containing government guaranteed return to the railroads after their return to private control Jan. 1, until such time as congress can enact permanent legislation, virtually was decided upon today by the senate interstate commerce committee.

Committee members said the president was determined to turn back the railroads next January and that as there was little likelihood of the enactment of the pending permanent railroad bill by that time, some temporary expedient would have to be adopted.

Chairman Cummins arranged today for conferences with Chairman Enoch of the house committee, Director General Hines and representatives of the railway executives to discuss the temporary legislation, which he said probably would be presented next week.

PERSHING ENDS TESTIMONY

WASHINGTON, Nov. 5.—General John J. Pershing, commander of the American Expeditionary Forces, concluded today his appearance before a joint session of the senate and house military committees to present his views on army reorganization plans. Outside of a strong appeal for advancement of Lieut. General Liggett and Bullard and Major General Harbord, McAndrew and Dickman of his command, to the permanent rank of lieutenant general, and a qualified endorsement of some form of aircraft procurement consolidation, the general added little to recommendations as to the service he has made previously.

SCHOOL BOARD MEETING

The school committee is scheduled to meet at 3 o'clock tomorrow evening to take up matters which originally were to come before the body Tuesday, Oct. 28, but which were postponed until the later date. It is probable that action will be taken at tomorrow evening's session relative to the choice of a permanent headmaster of the high school and also master of the Green grammar school.

TWO MEN INJURED

As a result of a pulley falling on them while they were at their work at the Saco-Lowell shops this afternoon, Demo Carlickos of 424 South street and Tony Bobison of 225 South street, were both removed to the ambulance to the Lowell Corporation hospital, suffering from injuries to the arms and body. The injuries are not serious.

LABOR PROPOSAL  
IS TURNED DOWNGovernment Refuses to Vacate  
Injunction Against  
Coal StrikersFederal Judge Says Order  
Cannot be Withdrawn as  
Strike Violates Law

WASHINGTON, Nov. 5.—The government cannot accept the proposal of organized labor to end the coal strike by vacating the injunction against the officials of the United Mine Workers of America. Assistant Attorney General Ames in the absence of Attorney General Palmer announced today that the government could not abandon its position, because the strike was in violation of law.

Refusal of the government to vacate the injunction means a long fight in the coal fields while the withdrawal would have opened the way for a settlement of the strike within 18 hours, according to Edgar Wallace, legislative representative of the United Mine Workers of America.

Judge Ames issued the following statement: "The strike is a violation of law. As long as it continues we are going to proceed in the courts. The dispute between the mine owners and workers is an entirely different question that they can settle in their own way. The government cannot tolerate continued violation of the law such as this strike constitutes."

No Change in Indiana

INDIANAPOLIS, Ind., Nov. 5.—Preparation of their respective cases for presentation to the federal court next Saturday, continued today and neither the head of the United Mine Workers of America, nor the government agents offered any comment on the strike of coal miners. No change was reported in the situation in the Indiana coal fields.

NATIONAL VICTORY  
SAYS SEN. LODGE

WASHINGTON, Nov. 5.—Senator Lodge of Massachusetts, republican leader of the senate, issued the following statement last night through the republican national committee:

"Massachusetts has spoken. It is a national victory and means that the American republic stands and will stand unshaken. It is the verdict of the United States speaking through the people of Massachusetts. I am proud of the people of my state, who have thus upheld the governor and vindicated American principles."

FOR CONSOLIDATION OF  
THE AIR SERVICE

WASHINGTON, Nov. 5.—Approval of the theory of a consolidation of the air services of the government under a separate department or commission is contained in the report of a special army board appointed by the war department to consider pending bills to that end. The report was transmitted today to Chairman Wadsworth of the senate military committee by Secretary Baker, who disagreed with the board's principal recommendations.

The board was composed of Major General Mencher, director of army air service; Major General Cox, chief of coast artillery; Major General Haan, chief of the training section general staff, and Major General Snow, chief of field artillery.

It recommended that congress enact an aviation policy based either on a 10-year program with large annual appropriations guaranteed to stimulate commercial aeronautics or make appropriations for aircraft development by the postoffice, war and navy departments.

If the former policy is adopted the board recommended that a separate department of aeronautics be created; if the latter that a commission under the director of aeronautics reporting directly to the president, be formed to co-ordinate the work.

The board held that the army and navy should retain the essential elements of their organizations and should have control over operation of

all military and naval air forces that might be provided. It urged also, that the army aviation service "should be kept on an equal footing with the infantry, cavalry and other arms, with a permanent personnel."

The board disapproved of government monopoly of aircraft construction.

Secretary Baker said he disagreed with the proposals both for a separate department and a commission as the president was so burdened with important policies that he could not supervise aeronautical development.

Should a single agency be created, he said, it should be appointed and controlled by a board consisting of cabinet members whose departments would be affected.

Mr. Baker also disapproved the proposal for a permanent commissioned aviation personnel.

"The present reported feverish activity for development of 'commercial aeronautics' of certain nations already saddled with enormous debts," the board's report declared, "under the guise of developing a new and highly lauded system of transportation, is as a matter of fact nothing more than a new race for supremacy in armaments. The hope is expressed in the proposed treaties, that excessive armaments might be limited. It is not the intention of this board to deny the wisdom of a policy which will place this nation in the front rank with regard to commercial aeronautics or a proper state of defense. It is thought, however, that this question should be stripped entirely of its camouflage and that the nation at large should be apprised of the real situation and the terms upon which it is to enter this contest."

The report said war time air fleets of all countries must be produced after war begins requiring stimulation of commercial aeronautics.

"Under present conditions," it said, "the only effective stimulant is government assistance in large annual appropriations guaranteed for a period of a considerable number of years, until commercial aeronautics can stand as a dividend paying business."

An annual budget of \$300,000,000 for 10 years was suggested and the report added that a single government agency should be responsible for the procurement of all aircraft and of all development work. It is emphatic in declaring against creation of "any military air force independent of army or navy control."

## "TIGER'S" VALEDICTORY AT STRASBOURG

STRASBOURG, Tuesday, Nov. 4. (By the Associated Press.)—Premier Clemenceau's speech here today considered his political valedictory to France, rose much above party politics. It was for the most part a plea for universal tolerance and social justice and an appeal to the workingman throughout the world to resume his pre-war methods and "work."

The premier said government must be based on public order and respect of individual rights.

"As for the Bolsheviks, there can be no discussion between them and the public. It is a simple question of force. In clamoring for freedom for themselves they want to impose upon others a terrible and absolute dictatorship," he declared.

The premier's solution for disputes between capital and labor was co-operation and better housing and free education for the workingman.

## GIRLS' COMMUNITY SERVICE CLUB

The Girls' Community Service club voted last night to so modify its constitution and by laws as to allow for an associate membership among married women and also authorized the creation of a junior department which will present activities of interest to girls between the ages of 14 and 17, or until they become eligible for membership in the club itself.

The meeting was called by Miss Sadie Melancon, vice president, who expeditiously conducted the members through an interesting business session. The attendance was unusually large and the several items of importance which came before the members for consideration and action received earnest discussion.

Club welfare in general and the planned programs of athletic and social events for the current month were presented by Miss Beattie, Miss Cronin and Miss Bailey of the executive staff.

Interest in the Red Cross roll call and an appeal to the girls for aid in the house-to-house canvass for members were included in a brief talk given by Miss Harrison of the Rogers

Hall school faculty, who served overseas as a Red Cross nurse.

## Coolidge Sweeps Lowell

Continued  
have the double platoon system for the department accepted. The vote in this instance was: Yes, 7153; no, 2534, a margin of 1249, emphasizing the willingness of the public to try out the new system. The firemen today came out with a statement of appreciation.

Perhaps the most exciting contest of the entire election was that waged in the eighth senatorial district where Representative Frank H. Putnam nosed out Hon. John T. Sparks by the scant margin of 136 votes.

This fight was a see-saw affair from beginning to end although in the early stages of the evening Mr. Sparks was forging ahead in local precincts and was cutting down the republican vote in many of the towns. But when the republican precincts came in there

NATHAN A. TUFTS,  
District Attorney

was in evidence strong support for the party candidate and Mr. Sparks finally acknowledged defeat. Tabulations of last evening gave Mr. Putnam a lead of 105 votes, but this morning the figures from the towns were verified and it was found that Pepperell had given the republican candidate 36 more votes than were accredited to him in the early returns last evening. Mr. Putnam's total vote in this town

was 305 instead of 275 as first reported. In the town of Westford Mr. Sparks' vote was cut down from 127 to 126 as the result of today's verification.

In the seventh senatorial district Gardner W. Pearson was an easy winner over Charles H. Burns of Lynn, although Mr. Burns put up a stiff fight here in Lowell. The vote of the city in this contest was: Burns, 1521; Pearson, 1441. The total vote for the district, which extends as far as Lynn, was: Burns, 1569; Pearson, 1521. Mr. Pearson is at present a member of the local school committee and his term does not expire for another year. The seventh district is strongly republican.

The city also sent three republican representatives to the 1920 legislature, Messrs. Achin, Herard and Jewett from the 15th district. In the 11th district Owen E. Bretnen and Charles H. Slowey led Harry W. Leavitt and Robert J. Thomas by ample margins. The defeated candidates in the 15th district were William E. Madden and John Thomas, both of whom were nominated by "stickers." Thomas J. Corbett was unopposed in the 16th district which is overwhelmingly democratic.

Nathan A. Tufts, republican candidate for re-election as district attorney, ran away ahead of his ticket here in Lowell and easily defeated William E. Russell of Cambridge, the democratic candidate. The total vote here was: Tufts, 5110; Russell, 5552. Gov. Coolidge received only 7739 in comparison with Mr. Tufts' substantial endorsement.

Another instance of the candidate running ahead of the ticket came in the state treasurer contest where Chandler M. Wood, democratic candidate, who was defeated, received 7107 votes here, while Fred Burrell, the republican nominee, polled 6361 Lowell votes. Mr. Wood received a large number of republican votes here.

Owing to the large vote, the returns were slower than usual in getting in last evening and it was well after 11 o'clock before the final results were being tabulated. Even at that hour the Putnam-Sparks contest was in doubt.

One of the surprises of the election was the alacrity with which the towns displayed in getting in their returns. Billerica was the first to report at The Sun office, and quite a number of the surrounding towns had sent in their reports before any of the local precincts began to show signs of life.

It was an election in which party lines played a less prominent part than in many previous elections and the abundance of live issues which were

## SELF-DETERMINATION OF IRELAND URGED

MELBOURNE, Nov. 5.—The Irish race convention here, attended by about 1000 Australasian delegates, unanimously passed yesterday a resolution in favor of self-determination for Ireland and the creation of a fund to assist the movement.

In the course of a reception by the mayor to the delegates, Sir Robert

Best, former vice-president of the executive council of the commonwealth and now a member of the federal house of representatives, declared that the attempt to make the convention desirous of a constitutional government was merely a cover for a rebellious movement against Great Britain.

Opening the convention Archbishop Mannix of Melbourne declared that the most notable feature of the convention was the fact that an Englishman, Archbishop Redwood, was the mover of the resolution concerning self-determination.

## RECRUIT FOR NAVY

## FREIGHT CAR STALLED

A freight train, stalled on the railroad tracks at the Middlesex street grade crossing early this morning, delayed the local street cars on their way from the car house to the square for nearly half an hour, and resulted in the "first cars" being about 29 minutes late in getting away to their several destinations. A draw bar pulled out of one of the freight cars was the cause of the train being held up.

## CANDIDATES GET NOMINATION PAPERS

This morning the following men took out papers for nomination in the coming city elections:

James E. O'Donnell, Anlover street, for mayor; Francis A. Warnock, 12 Wamesit street, Cornelius Desmond, 155 Stackpole street, for alderman; and James E. Lyle, 12 Summit street, for school board.

Because of the uncertainty of the vote on the question of a charter change, the city clerk was not able to make arrangements for the issuance of papers until today and therefore, the time for filing, which expires Saturday, Nov. 8, at 5 p. m., is exceedingly brief.

It is most important that candidates have the signatures to their nomination papers certified by the board of registrars before filing the same with the city clerk. Nomination papers lacking 25 valid signatures will be pronounced invalid.

I was bothered with catarrh—it affected my hearing. The mucus would drop down into my throat and I was continually sneezing and was short of breath. I was very nervous

## MILL EMPLOYEES BADLY SCALDED

John Fruechek of 5 Fayette street and Tony Warzoncz of 13 Fayette street, both employed at the Massachusetts mills, were severely scalded about the body while at their work shortly before the noon hour today. The two men were taken to the Lowell corporation hospital in the ambulance.

Registration dates for the preliminary and city elections, for both men and women, are announced as follows: Thursday, Nov. 6, from 2 to 4 and from 7 to 9 p. m.; Friday, the 7th, from 2 to 4 and from 7 to 9 p. m.; Saturday, the 8th, from 2 to 4 and from 7 to 9 p. m.; Monday, the 10th, from 2 to 4 and from 7 to 9 p. m.; Wednesday, the 12th, from 1 to 9 p. m., and Thursday, Nov. 13, from 12 to 10 p. m.

and could not sleep nights at all. I had a big bunch under my knee, which was getting worse all the time. I was discouraged and worried and was set against taking medicines of any kind. I had tried them all. I was told by some friends to do down and have a talk with the Goldine man and I'm glad I did and to my surprise received relief.

## POLICE TALK TO TRADE BOARD COMMITTEE

Patrolman Edward F. Flanagan and Patrick Sullivan of the local police department appeared before the committee on public improvements of the board of trade last evening to present their case in an endeavor to have the board interested in their demand for an increase in wages. Present at the meeting were the following members of the committee: George Dowers, chairman; Dr. A. J. Gagnon, Harvey B. Greene, Otto Hockmeyer, James H. Leighton, Dr. E. C. Simpson and S. H. Thomson. At the close of the meeting the secretary was instructed to write to various cities where a minimum wage of \$5 prevails or is likely to, and learn more of the conditions in those cities.

Patrolman Flanagan in his argument stated that 24 cities are now paying the minimum wage of \$5 a day

to their patrolmen and the increases were brought about through the influence of the chambers of commerce. He said this minimum wage is being approved by many police chiefs and almost unanimously by the recent convention of chiefs held in New Orleans. He argued on the high cost of living and stated that the patrolmen have to purchase their uniforms, the price of which is going up gradually, and he also referred to local police conditions. At the close of his remarks he was questioned at length by members of the committee and he was given assurance that his request would be looked into thoroughly.

## AMUSEMENT NOTES.

## H. F. KETPIS THEATRE

One of the best bills of the current season is on the boards at the H. F. Keith Theatre, this week, with Mrs. Eva Fay, the noted dramatist occupying the leading position. Mrs. Fay's replies to the numerous questions asked constitute a sensational and interesting revelation. "Mrs. Wellington's Surprise," a comedy, also holds a prime position on the bill, and Marie and Ann Clark are real entertainers. A good deal from the olden days are Hallen and Fuller, who, a quarter of a century ago were leaders in their class. Other acts on the bill are as follows—Jelene "Smiles" Davis, the Two Laddies and Gray and Graham.

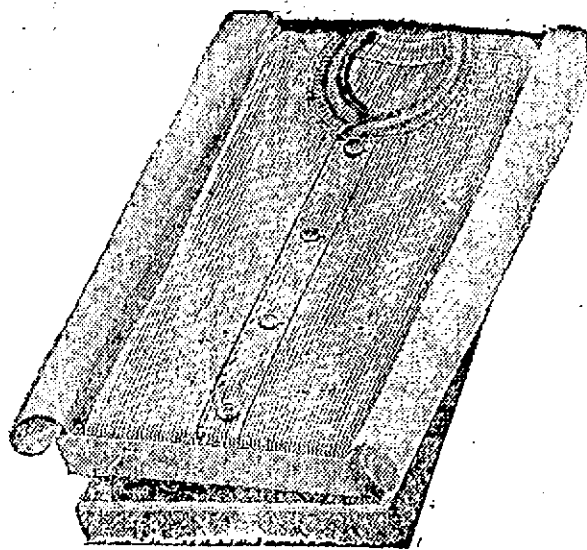

## THE STRAND

Two film features of extraordinary merit are being shown on the Strand program for the last time today. H. D. Warner, the eminent English actor in "For a Woman's Honor," and Mabel Norman in her latest Golden comedy romance, "Upstairs," are the chief contributors. There are other contributions to the bill, but these are the stellar attractions. Both are unusually high-grade offerings and will surely give general satisfaction.

Beginning tomorrow an entire change of program will be given. William Forman in Zane Grey's latest and best story, "The Last of the Dunes," and Albert and Ethel Fair in their best comedy offering, "The Princess," will be the principal features. Besides these there will be a new comedy and Universal Weekly. Don't miss these bills.

## OPERA HOUSE

If you want to laugh yourself tired then attend one of the performances of Max Marlin's hilarious comedy, "Here Comes the Bride," which is the week's contribution at the Opera House by the Lowell Players. There never was a comedy presented in stock (circus) that is causing so much favorable comment as this execrable funny creation.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

## FISH AND GAME CLUB

Six new members were balloted upon favorably and routine business was transacted at the regular meeting of the Lowell Fish and Game association, which was held in Odd Fellows hall, Middlesex street, last evening. In the absence of President Simon B. Harris, Daniel Gosgrove presided and a lengthy report upon the reconstruction of the Lawrence fishway was made by Secretary Willis S. Holt. The new members admitted at last night's meeting were as follows: Benjamin J. Mahoney, Edward Twohey, Joseph Douglas, Frank Mullen, George W. Marchand and Harry Erikson.

## WOMEN AT WORK

During the war, millions of women have been at work in vocations into which they have never before been called—Munition Factories, Chemical Works, Metal Works, Street Railways, and as Ambulance Drivers, Barbers, and Elevator Girls. Undoubtedly thousands of others have longed to serve in this way, but because of female ailments, which had fastened upon them, were not able to do so. Women in this condition should give Lydia E. Pinkham's Vegetable Compound a trial and find health and strength, as thousands of others have so done.—Adv.

## The Modern Medical Idea—Sickness Prevention

Born in 1796, when he developed the vaccine treatment to combat smallpox, Edward Jenner helped to start the trend of medical thought in the new direction of Sickness Prevention. Today anti-toxins, serums, vaccines and sanitation—all these check disease before it can gain hold. But constipation still remains one of the most devastating of all plagues, because by robbing the body's power of resistance it makes it an easy victim of every and any disorder.

Leading medical authorities agree that 90% of disease has its origin in the intestinal tract—in constipation.

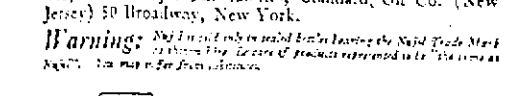

Your physician will tell you that pills, salts, castor oil, mineral waters, etc., simply force the system and weaken the intestinal muscles.

Nujol is entirely different. Nujol prevents constipation because it softens the food waste and encourages the intestinal muscles to act naturally.

Nujol helps Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. Get a bottle from your druggist today.

## LUSITANIA CAPTAIN DIS-OBEYED ORDERS

LONDON, Nov. 5.—A parliamentary paper made public yesterday containing secret evidence in the inquiry into the sinking of the Cunard liner Lusitania shows that Capt. W. T. Turner of the Lusitania admitted that he disobeyed the instructions of the admiralty in steaming only at the rate of 18 knots an hour. The captain testified, however, that had he gone faster the Lusitania would have reached the bar at Liverpool before the vessel could cross it owing to tidal conditions.

Captain Turner testified that he had not steered a zig-zag course at full speed as the admiralty had ordered, because he thought this order applied only when a submarine had been sighted.

A despatch from London, July 17, 1915, said the court of inquiry into the sinking of the Lusitania found that the liner had been lost as the result of an act of a German submarine, which not only intended to destroy the ship, but planned to blot out the lives of its passengers. The decision exonerated Captain Turner and the Cunard line

from all blame and commended the discipline of the crew.

The only secret evidence known to have been taken by the board of inquiry was on the first day of its session, when the proceedings were interrupted in order to permit the court to inquire regarding certain instructions sent by wireless by the admiralty to Captain Turner. The parliamentary paper made public in London probably has reference to this secret evidence.

## SPEAKER GILLET OFFERS PRAYER

Special to The Sun  
WASHINGTON, D. C., Nov. 5.—Speaker Gillett broke all precedents when the chaplain of the house failed to appear in time to open the session of the house with the prayer required by the rules, by saying simply: "I will ask the house to join in the Lord's prayer," then he called the house to order on the tick of 12 by a sharp rap of his gavel, and led in prayer. Perhaps that doesn't seem anything to those who are not familiar with the form and ceremony of the opening of daily sessions of congress but by so doing he broke the precedent of more than a century, for it was the first time that a speaker, no matter what the emergency, had officiated as chaplain. Whenever it has happened that a chaplain has been held up in transit and so failed to get to the capitol on time, there has been a great scurrying round to find a clergyman member to act as substitute, causing an embarrassing delay.

Just before 12 each day the speaker, the chaplain and other officials enter the house chamber, and mount the platform on which the speaker's desk

Then the old blind chaplain makes a short prayer, often alluding to the momentous questions of the day which congress is considering. But in the history of congress no speaker nor layman has ever before opened the session, but Mr. Gillett was an unconcerned as if it were an everyday occurrence—but the pages and employed haven't yet stopped telling about it.

## A new way of washing

*You just soak your clothes clean instead of the old rubbing and boiling*

**JUST** imagine your clothes washing themselves for you overnight!

Imagine their washing themselves without any washing "machinery" whatsoever—no boiler, no washboard, no washing machine, or suction funnel.

You just put your clothes to soak—with a new soap product.

You have been told so often of machines that would wash your clothes for you, of products that would get the dirt out without any work on your part, that the story of this new product is going to be hard for you to believe.

It is hard to believe that a simple soap product, absolutely harmless, can, just by a soaking overnight, so loosen the dirt in your clothes that when they are rinsed in the morning, all the dirt comes out.

As a matter of fact, if the overnight soaking is inconvenient, three hours soaking will accomplish the same wonderful result.

All you have to do is to take them out and rinse them!

And they are snowy white and clean! Only a few very soiled places, like cuff edges, need a light rubbing between your hands.

That is what RINSO is doing for thousands of women who have already secured it. It has changed their whole way of washing.

And those same women felt as you now feel, when they first heard of RINSO'S wonderful results—they couldn't believe it!

And now they are like Mrs. Terry—whose letter is given here—they have found that the old way of washing is gone—and that the new RINSO way of soaking your clothes clean has entirely eliminated the hardest work a housewife has to do—wash-day boiling and rubbing.

Use RINSO yourself this week—see how it really soaks your clothes clean—see if you don't feel just as enthusiastic as Mrs. Terry does.

Get RINSO today from your grocer, and follow the simple directions on the package. Lever Bros. Co., Cambridge, Mass. (Makers of Lux.)

*"Soaking Clothes is Certainly Easier Than Rubbing Them"*  
says Mrs. Terry

"When I first used Rinsol I thought if it only saved half of the usual rubbing it would be wonderful.

The directions for mixing it up were easy to follow—and I got a beautiful soapy tubful for the clothes to soak in over night.

And in the morning—most of the dirt dropped right out in the Rinsol suds, as I wished the clothes up and down. One or two really ground-in spots came out like magic when I put a little dry Rinsol on the spots and rubbed lightly between my hands.

Two good rinsings and the clothes were beautifully white and ready for the line at 9 o'clock instead of not till noon.

There wasn't any of the exhausting work that washing had always meant before. Soaking clothes clean is certainly easier than rubbing."

This A. A. Terry, New York City.

## RECOUNT IN NEW YORK

Tammany Man Defeated by  
1363 Votes for President  
of Aldermen

NEW YORK, Nov. 5.—Complete returns of the vote for president of the board of aldermen show that Representative F. H. Laguardia, republican, defeated Robert L. Moran, democrat incumbent, by 1363 votes. An official recount will be asked for in Mr. Moran's behalf. The vote was: Laguardia, 403, 651; Moran, 401, 688; James O'Neill, socialist, 126, 365.

Charles F. Murphy, the Tammany leader, refused to admit early today that Moran had been defeated. Samuel S. Vosenig, chairman of the New York county republican committee, was equally positive that Laguardia had won by a small margin. He attributed the candidate's success largely to his record as an aviator during the war. Tammany lost all three contests for seats on the supreme court bench in the first and second judicial districts. James A. Foley, son-in-law of Leader Murphy, scored a moderately easy victory over James O'Malley, his republican opponent for surrogate of New York county. This was about the only solace Tammany found in the result, for Henry H. Curran, republican, was elected president of the borough of Manhattan.

Reuben L. Haskell, republican, was elected a county judge in Brooklyn on a "wet" platform, and Harry D. Lewis, republican, won another term as district attorney of King's county. The socialists failed to make good their claim they would poll a larger vote than they did in 1917 and were credited with little more than 10 percent of the ballots cast for aldermanic president.

One of the interesting subjects of speculation is the part played by the 243,000 registered women voters in defeating Tammany. One of the factors

WHAT FAMOUS ACTORS  
DO FOR THEIR TEETH

No class values appearance so much as those of the stage and films, and their teeth come first. They want them clean and highly polished.

Cecil Lean, who has the most perfect teeth on the American stage, uses Albodon Dental Cream. So do Cleo Mayfield, Emmy Wehlen, Mae Murray, and the great star of the Follies, Eddie Cantor. They take no chances with potash and carbolic acid tooth pastes, with gritty things that wear away enamel.

Albodon is calcium carbonate, saponified and mixed with the well-known oils of cloves, cinnamon and eucalyptus, which authorities declare is the efficient and safe composition for women and children, and so naturally for you. It is in equal parts cleansing, polishing and antiseptic. A tube containing 55 brushings is sold everywhere for 25c. It is unnecessary to pay more.—Adv.

In the success of the republican supreme court candidates was the support given them by William R. Hearst.

REPUBLICAN SWEEP  
IN PHILADELPHIA

PHILADELPHIA, Nov. 5.—Congressman J. Hampton Moore of the third Pennsylvania district, who was elected mayor of Philadelphia yesterday, received one of the largest republican pluralities ever given a mayor of this city. Coming out of a bitter primary fight, in which he won by only 1312 votes in a total of 300,000 ballots cast, Moore carried the city, according to the complete unofficial count by 183,516 over Harry D. Westcott, his democratic opponent.

The republicans also elected all their candidates for county officers by large pluralities and all their councilmanic candidates, the majority of whom were pledged to support the new city administration.

MAYOR ROLPH WINS  
IN SAN FRANCISCO

SAN FRANCISCO, Nov. 5.—James Rolph, Jr., was re-elected mayor yesterday defeating Eugene Schmitz, a former mayor, by approximately 30,000 plurality.

In the contest for district attorney Matthew Brady, police judge, was leading Charles M. Flickert.

The campaign for the district attorneyship was given unusual prominence because of the fact that Flickert led the prosecution of Mooney and others charged with murder in connection with the preparedness day bomb explosions in 1916.

All candidates ran on non-partisan tickets, there being no party designations.

ESCAPED FROM  
STATE INFIRMARY

Lowell police are searching today for three young women who escaped last night from the state infirmary in Tewksbury.

Winifred Bohan, one of the trio, is described as 18 years old, weighing 131 pounds, and 5 feet tall. When last seen she was dressed in a dark waist and plaid skirt. She has blue eyes and black hair.

Helen Dearborn's age is given as 19, and she is described as having brown hair and eyes, weighing 115 pounds and a trifle over 5 feet in height. She wore a blue dress, pink sweater and hat.

The other girl, Bertha Wyman, is 15 years old and was wearing a pink dress and blue coat when last seen. She has blue eyes and brown hair and weighs about 113 pounds.

NEWS OF THE DAY  
IN POLICE COURT

On the charge of stealing a letter, valued at 5 cents, from John Goodier, Oct. 24, Peter Blissop of this city was turned over to the federal authorities when his case was called on continuance in police court today, and the charge against him placed on file. The police allege that he stole the letter from a mail box in a down town lodging house. The charge which the federal authorities have preferred against him is larceny of mail from a private letter box. Blissop pleaded not guilty when first arraigned here.

## West After Sugar

"She went out to buy some sugar and she never came back!"

Thus John Santos, father of 17-year-old Mary Santos, who was arraigned today on the charge of stubbornness, explained the disappearance of his daughter last Saturday. Mary was afterwards located in New Bedford.

It wasn't brought out whether Mary succeeded in getting the ever elusive sugar before she went to New Bedford. Probabilities are she didn't, sugar is mighty hard to find in Lowell these hectic times.

So that as it may, they continued Mary's case until tomorrow, she having expressed a desire to enter into a matrimonial alliance with a young man with whom she had been "keeping company" for a long time, and her parents apparently having no objections to the tying of the knot.

MOTION FOR ARREST OF JUDGE  
MENT IN CASE OF GEORGE A. LONG

MONTPELIER, Vt., Nov. 5.—A motion for arrest of judgment has been filed in Washington county court in the case of George A. It is not now probable that court will pronounce sentence on Long today.

SECTARIAN ISSUES  
IN N. F. ELECTION

ST. JOHN'S N. F., Nov. 5.—Delayed returns from distant coast districts of Newfoundland given out today indicated that as a result of the general election of last Monday, the legislature would be divided largely on sectarian issues with Protestants mainly composing the new government and the Catholics forming the opposition. The present government is headed by Sir Michael Cashin, a Catholic, a fact which was made prominent in the campaign by Protestants of extremist views who argued that in a country two-thirds Protestant, the premiership should be held by one of that faith.

The returns show that Sir Michael and his colleagues were re-elected from the Ferryland district as were Minister of Public Works Woodford and colleague from Harbor Main.

## A GUARANTEED TIRE FOR

Here is without question the most extraordinary and amazing sale of tires and tubes ever brought to the attention of the motoring public. It is at once an occasion of commanding importance and it compels the attention of everyone who is interested in the saving of money on tires and tubes.

For four days, November 5th to November 8th, inclusive, to every customer purchasing one tire and one tube at the regular list price we will give an extra tire for \$1.00 and an extra tube for \$1.00. In other words you practically get two tires for the price of one and two tubes for the price of one. Such widely known makes of guaranteed first tires as the Keystone (guaranteed 6000

miles), the Batavia (guaranteed 6000 miles), and the Century Plainfield (guaranteed 6000 miles) are offered in this sensational sale. Included are also our entire stocks of "seconds" in such widely known makes as Firestone, Fisk, Boone, McGraw and other favorites. All big values even at regular prices but in this sensational \$1.00 sale the values are greater than were ever dreamed of by any car owner.

This event will give the hundreds of people who were disappointed and could not take advantage of a similar sale held recently an opportunity to get their share of these bargains in tires.

There is sure to be a big rush of buying following this announcement so come early before the size assortments are broken. First choice is best choice. Only two tires and two tubes to a purchaser.

**NO TIRES MOUNTED DURING THIS SALE.** In every instance these prices are absolutely genuine factory lists and there is no war tax charge added.

**FOR EXAMPLE:** The regular retail price for a Keystone Tire, size 30x3, is \$17.68 and the regular retail price for a Keystone Tube, size 30x3, is \$3.48. If you buy one of each at these prices, we give you an additional tire for \$1.00 and an additional tube for \$1.00. The same applies to other makes and all sizes of any tire or tube we carry in stock.

## ELECTION RETURNS AND "MOVIE" PICTURES

Despite the drizzle of rain which began yesterday afternoon and continued intermittently until late in the night, a large crowd assembled in Merrimack square to enjoy the election returns and moving pictures provided by The Sun on a screen stretched across the Grosvenor block.

The first returns were flashed on the screen about 6 o'clock and from then on until after 11 frequent bulletins told the several thousand people assembled in the square just how the various contests were progressing. Intermingled with the election returns were moving pictures in which comedy was predominant and the novelty was more than enjoyed.

## MAY ABANDON COOK WELLS FOR GOOD

A well field of such size has been created on the upper boulevard that except in the instance of a great emergency, Lowell will never be obliged to operate the Cook wells, according to Commissioner Charles J. Morse. The wells now have been idle for 11 weeks, during which time the commissioner has been figuring out the cost of their maintenance and operation, which is approximately \$116.40 a day.

Despite the fact that the Cook wells have not been in operation for the past

three months there have been no signs of a water shortage and the supply has been constant and wholly adequate. Also, at the present time, Lowell water is higher grade than at any time during the past three years. The last bottle sent to Boston for analysis was returned with the notation that it ranked higher than any other sample received from this city during that length of time.

## FOR ACCOMMODATION OF PASSENGERS

That the trustees of the Eastern Massachusetts street railway will in all probability grant the request of the Lowell board of trade asking them to place the 16-rides-for-a-dollar fare tickets in the hands of conductors for sale to passengers was the statement of Thomas Lee, manager of the local division of the road, today.

Mr. Lee said that if it is a fact, as the board of trade has reason to believe, that street car patrons are suffering some inconvenience in the purchase of tickets as a result of being now forced to purchase them at one of the several stores selling them throughout the city, he has no doubt that the trustees will speedily remedy the situation by allowing the conductors to handle the sale of the tickets in future. Personally, he is in favor of any arrangement which will be of benefit to the riding public, he declared.

## N. E. Coal Dealers' Association

### DIRECTIONS FOR USING STEAM SIZE ANTHRACITE IN DOMESTIC HEATERS AND STOVES

"Small sizes with a little care, can be burned successfully in connection with the larger sizes of Anthracite. When banking the fire for the night spread a small amount of Pea or Buckwheat over the top of the fire, being careful to leave a thin bright spot at the side or back of the fuel bed. In mild weather some Pea or Buckwheat may be used during the day. A bed of ashes should be carried on the grate to prevent the fine coal from running through the ash pit. The amount of Pea or Buckwheat that can be successfully burned will depend upon the draft available and the care exercised in firing, but there should be little difficulty in using one shovelful of Small Coal to four of the coarser coal.

Where the draft is strong it may be possible to burn a much larger proportion of the small fuel.

#### How to Burn Pea or Buckwheat Coal in Furnace

Storage—Provide a place for this coal in your cellar, either a separate box or coal bin. Don't mix it with the larger size coal. Have a place for each size.

Day Mixture—Fire one shovelful to three or four of larger size.

Night Mixture—Use more small than large coal when banking fire at night. This coal will keep well and will not give out as much heat. Find by trial how much you need to keep fire all night. Find by trial how to set the dampers to make the fire keep. Don't close furnace until the flame appears on top of the coal.

With a furnace of ample size and good draft small size coal can be burned alone with good results. Start the fire with wood and large size coal. New grates are not needed. Shake down ashes when fire is hot. Stop shaking ash when first live coal appear. Always leave some ashes on the grate.

Small size coal will replace from 10 to 30 per cent. of the larger sizes.

It will pay you to try it.

## COOLIDGE IS BOOMED AS NEXT PRESIDENT

BOSTON, Nov. 5.—Introduced at the next republican candidate for president, Governor Coolidge received an ovation lasting several minutes last night when he was introduced to members of the Massachusetts Republican club and other prominent republicans who had gathered in the banquet hall of the American House to receive the election returns and to glory in their victory.

Every republican member of the state ticket appeared there during the evening and were cheered as they expressed their thanks to the voters for their support. Ex-Senator Weeks was among those who spoke, but the familiar figure of Senator Henry Cabot Lodge was missing.

Frank B. Hall, chairman of the republican state committee, brought the presidential sentiment, that had been growing steadily throughout the hall as the returns began to pile up in favor of the governor, to a head when he shouted, in introducing the governor: "You have not only re-elected your governor for another year, but you have also nominated the next president of the United States." Other speakers expressed similar sentiments and were received with cheers.

Governor and Mrs. Coolidge received the early returns at the Adams House. Later they were guests of friends at the Touraine and then as the bulk of the figures began to come over the wire the governor joined the other candidates on the ticket at the American House, where special telephones and telegraph service had been installed for the occasion.

According to Lieutenant-Governor Cox, election night, this year, was the greatest night in republican history in Massachusetts since Abraham Lincoln's re-election during the Civil war, and in the words of former Senator Weeks, "the election showed that on an issue clearly understood the American people are united."

### A DISCOVERY THAT BENEFITS MANKIND

Two discoveries have added greatly to human welfare.

In 1835 Newton originated the vacuum process for condensing milk with cane sugar to a semi-liquid form.

In 1883 Horlick at Racine, Wis., discovered how to reduce milk to a dry powder form with extract of malted grains, without cane sugar.

This product **HORLICK'S** named **Malted Milk**. (Name since copied by others.) Its nutritive value, digestibility and ease of preparation (by simply stirring in water) and the fact that it keeps in any climate, has proved of much value to mankind as an ideal food-drink from infancy to old age.

can people all show that they are right to the core." Ex-Senator Weeks declared that the stand taken by the Massachusetts voters would be received favorably among true Americans in every state in the Union. "It is the most important Massachusetts election that I can recall and it stands out as a significant victory for right and truth," he said. "It also means that the election this year leads the way for the presidential election of 1920 and shows that without a doubt the next president will be a republican."

J. Weston Allen, attorney-general-elect, stated that for the last few weeks he had been speaking at rallies for the republican ticket, "mostly before democrats, but I think all these democrats changed into republicans within the last 24 hours."

Fred J. Burrell, the state treasurer-elect, spoke briefly, thanking the voters for his election, and declared the election a great victory for republicans.

## GOVERNMENT WILL TAKE OVER GRAND TRUNK

OTTAWA, Nov. 5.—The house of commons today passed the bill providing for the government acquisition of the Grand Trunk railroad by a vote of 84 to 53, a government majority of 31. The bill now goes to the senate which is expected to send it back to the house with an amendment providing that the value of the guaranteed shares be submitted to arbitration by the same method as the ordinary shares are in the bill as passed by the house.

## LARGE VOTE CAST IN SURROUNDING TOWNS

The towns surrounding Lowell stepped in line with the city proper yesterday in casting exceptionally large votes. Every town supported Gov. Coolidge by substantial margins and in most instances lent their weight to the entire republican ticket. In Dracut, however, the home of Hon. John T. Sparks, candidate for senator in the eighth district, the tables were turned to some extent and Mr. Sparks led Frank H. Putnam by 77 votes. The other towns were unanimous in their support of Mr. Putnam, but in a number of instances the Sparks forces made net gains over the vote which the Dracut man received three years ago. Gardner W. Pearson, elected in the seventh senatorial district, was warmly supported by the towns.

The results in the principal contests in the towns surrounding this city were as follows:

**Dracut**

### The Easiest Way To End Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be shiny, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to

### THEIR HATS IN THE MAYORALTY RING

Treading hard on the heels of the state election comes the city primaries and its proximity was brought forcibly to the public mind today when James E. O'Donnell, Jackson Palmer and John J. Gilbride announced their candidacies for the office of mayor. Mr. Palmer's decision to run for the high-

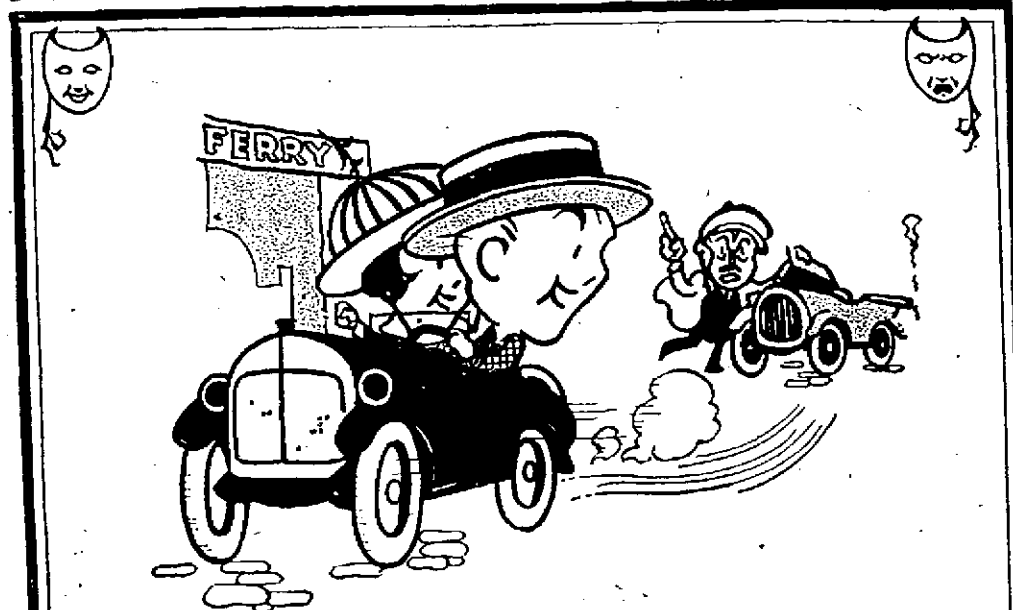

est office the city bestows was made prior to the state election, and whether or not Plan B was accepted yesterday.

Mr. O'Donnell twice has served the city as mayor and was defeated two years ago by the present incumbent, Mayor Perry D. Thompson. Mr. Gilbride was a candidate in 1917 but failed a nomination by a scant margin. Mr. Palmer was a candidate a few years ago, but lost out in the primaries under the present charter. During the war he served in France as a commissioned officer in a coast artillery unit.

Special recipes are not necessary for using Mazola. Use any of your own—and with less Mazola than of butter or lard.

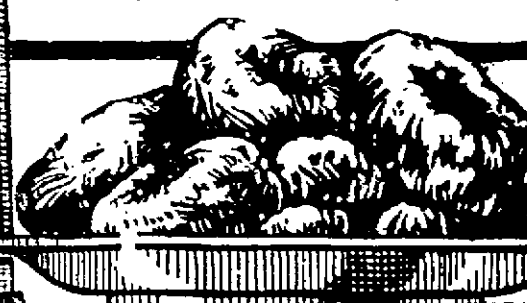

Being 100% pure fat—containing no water or air—Mazola is not only less wasteful, but you use ¼ to ⅓ less Mazola for shortening, as in pie crusts, biscuits, etc.

And after using Mazola for deep-fat frying you can use it over and over again—it carries no flavors or odors. Another remarkable economy feature that has made Mazola the most popular of cooking oils.

## THE PEOPLE'S VERDICT

The verdict of yesterday's election will stand in history as a warning to all political parties that the people of the old Bay State will never compromise with any faction or party that rises in defiance of law and constituted authority.

Whenever the sovereignty of the people is attacked, whether by a labor organization or by a police department sworn to uphold law and order, the people, regardless of party, will hasten to uphold the majesty of the state by relegating the offenders to the rear with a castigation that will never be forgotten.

Richard H. Long, the democratic candidate, and a very reputable business man, was unfortunate in his political associates and advisers. He was hoodwinked in the first place by the halting platform adopted as the voice of the party on state and national issues but his chance of election, if any remained, quickly vanished when, under the advice of the counsel and friends of the striking policemen, he proposed to Governor Coolidge to open negotiations for the purpose of reinstating the men.

That was even worse than what was done and said at the state convention. It aroused the people and gave the republicans the opportunity they wanted to claim that they alone stood for law and order, against the alleged right of police officers to violate their rules and line up with a great labor organization for the purpose of coercing the state into granting their demands, whether just or unjust.

Then the striking policemen went through the state ostensibly to enlighten the public on the strike, but still insisting that they had a right to strike and to join the A. F. of L. and winding up with the declaration that if they were reinstated, they would return with their union cards in their pockets. That declaration was negated with a terrific No! in yesterday's election.

The sole issue that brought out such an overwhelming vote and gave Gov. Coolidge such a wonderful vindication, was the Boston police strike and no paper in the state condemned that strike in all its phases more forcibly than did The Sun, which could not approve or condone the action of the policemen, either in joining the A. F. of L. or in leaving the city of Boston a defenseless prey to thugs, thieves and murderers.

The police departments of other cities will doubtless take due notice of the Boston verdict and accurately sense its meaning. Unless we are greatly mistaken, it means that no police department in the state will be allowed to affiliate with outside labor bodies and above all, none will be allowed to strike under any circumstances. And what is true of the policemen in this respect applies equally to municipal firemen. The sovereign people have spoken and foolish indeed will be the set of men who will still pursue the fatuous policy thus condemned.

## RED CROSS WEEK

This is Red Cross week and certainly there is no other appeal that should bring a more liberal response. All through the trying times of the war the Red Cross exceeded all expectations in the extent of its benevolent work and heroic sacrifice in the face of danger. The people of this and every other civilized nation have reason to thank God that such an organization stands ever ready to respond to the call of suffering humanity in practically every part of the civilized globe.

The war has demonstrated the indispensability of the Red Cross and this week the people are asked to show their gratitude for what the organization has done by becoming part and parcel of its membership. The fee is only \$1 a year and it seems that nobody who has a dollar to spare can put it to better use than obtaining a membership card in the Red Cross.

The history of this organization during the war period would make a book of thrilling stories of heroism and sacrifice. Some of these stories have been told in the public press. Most of them will never be told in public, but they are known to the members and to the private soldiers who were taken from the battlefield and nursed back to life by the unceasing devotion and zealous service of the Red

Cross nurses. Lowell has done her share in the war; she should also do her part in the time of peace in promoting such an organization as the Red Cross.

The end of the war will soon be officially declared and the army will be demobilized but there will be no demobilization of the Red Cross. Even in the times of peace this organization of mercy will find always enough to do in the relief of suffering, the prevention of disease and promoting the physical well-being of humanity in general.

Wherever we find disease or pestilence making inroads upon the people and cutting off human lives, there will be found the Red Cross fighting the battle of humanity with fearless fortitude and self-sacrifice.

It is useless to attempt to convey an adequate idea of the work of the Red Cross. Suffice it to say that it is to the interest of every man, woman and child in Lowell to sustain this organization and give it the necessary support in the performance of its beneficent work. We feel that Lowell will do her duty.

## MEDICAL ETHICS

We have read of the proposition that ministers may have to organize in order to secure enough to give them a decent living; but now comes Dr. Cabot of Boston, the well known surgeon, who, while he does not propose that doctors shall join the American Federation of Labor, does say that they must organize for their own benefit and protection. He is opposed to the plan of "feesplitting" when a physician passes a patient over to a surgeon, a practice of which the patient is ignorant and which leads to "an unnecessary number of operations." This is a rather startling admission from such an eminent authority and there is no reason to doubt the truth of his statement.

Dr. Cabot is also opposed to the common practice of lying to patients in order not to alarm them unnecessarily over their illness. He feels that it is best not to tell them anything if it is decided that the truth would be harmful. Another criticism of the medical profession made by Dr. Cabot is that the average practitioner is too unwilling to admit his inability to cope with all diseases. Remembering that of the 400 known diseases, drugs offer a positive cure of only seven and scurvy the prevention of five, there is no reason to suppose that any doctor is expected to cure all the ills to which the flesh is heir.

Dr. Cabot thinks the income of the medical profession might be stabilized by the group system under which a certain number of families or a community would pay a certain amount yearly to a physician for treatment in case of illness. That arrangement would perhaps be cheaper for some families, more expensive for others, and more satisfactory to the doctors as insuring a fixed income during a given period. It appears, however, that despite the radical increase in fees, the doctors still feel the effect of the high cost of living and if we are to credit some who have recently suffered bereavement, it would appear that the H. C. L. is not a circumstance to the high cost of death and burial. Therefore, we might say to the dejected in all professions that it is better—

"bear those ills we have than fly to others that we know not of."

## LADY ASTOR'S CAMPAIGN

Lady Astor is attracting much attention as a unionist candidate for the British parliament from Plymouth, England, to succeed her husband who has been raised to the peerage and leaves the house of commons.

Lady Astor was formerly Miss Natalie Langhorne of Virginia and her husband was a wealthy American who joined American society and institutions, and decided to join the B. C. A. anti-slavery in order to win a title, and behold with royalty. He has succeeded fairly well thus far in winning British favor and Lady Astor has won popularity by her work for charity during the war. Setting out to canvass voters for parliament, she tells the people that she wants their children to have as good a chance as her own and she has called a home for boys and another for crippled chil-

dren tends to confirm this statement.

Already the independent candidate has withdrawn and it is likely that there will be a lively contest. She is entering upon her campaign with all the zest of a real American politician. Being a famous beauty and a good talker, it is likely that she will win great popularity. The women are all with her and she is winning support of the men on all sides.

If elected she will be the Miss Rankin of England. She will, however, excite the deadly jealousy of the Pankhursts who have been the leaders of the woman suffrage movement, making such election possible.

## MINERS RESPECT THE LAW

It is gratifying to find that the miners' strike has thus far been conducted in an orderly manner. It is apparent that the action of the court has commanded respect even in quarters where it has sometimes been conspicuously lacking.

If the miners conduct themselves in an orderly way, there is no reason why the questions involved should not be settled in a manner satisfactory to both sides in the near future. For the first time, perhaps, since President Cleveland sent troops to quell a disturbance in Chicago, a large number of industrial workers have been impressed with the force and power of the government. This does not indicate any disposition on the part of the government to curtail the rights of the miners, but merely the determination to protect the public against a threatened calamity. It is an assertion of the constitutional principle upon which our government is founded that the interest of the public is paramount. It is well that this principle should be fully understood by every resident of the United States whether naturalized or otherwise. No longer will a small number of strikers or agitators be allowed to menace the people of the entire country by cutting off the supply of fuel and thus threatening a condition in which the lives of the people would be imperilled.

## THE REFERENDA

The citizens of Lowell showed good judgment in defeating Plan B yesterday as the necessary amendments can be made early next year and a charter suitable and safe submitted at the next state election for adoption.

The double platoon system for firemen was carried on the assumption that it is a just measure and that although the firemen are unwisely affiliated with a labor organization, they are bound not to strike under any circumstances. They will fare better in the future if they cast off this ominous connection.

The people of Pawtucketville are going to honor their service men in their own way and in one which will convince the soldiers that their sacrifices are duly appreciated. With celebrations in Centralville, the South End and other parts of the city, some might come to the conclusion that Pawtucketville had disappeared from the map of Lowell. Not so, however, while the people of St. Columba's parish led by Rev. Fr. Mulvey have the full co-operation of Rev. A. S. Lyon of the Pawtucketville church and members of his congregation, the Lowell public will soon know where Pawtucketville stands in the matter of honoring her noble sons who served in the war. It is safe to say that December 2 will be a red letter day in the annals of Pawtucketville.

It is the coal operators who object to the fixing a maximum price for coal. The charges that they have been profiteering are strengthened by this proof that they want the opportunity.

## IN ABOUT TOWN

If you're a movie fan it may comfort you to know that you needn't apologize for enjoying Charlie Chaplin's pictures. No less than America's most popular author, Mary Roberts Reinhardt, has declared that she finds Chaplin, whom she recently met on a "movie tour" among the studios, a "truly great artist." However, we venture to say that there are many thousands of folks in this country of ours—grown-ups and children alike—who never cared to know of the delight which Mr. Chaplin's versatile feet have brought to the masses, tired after a day of work and weary, they journeyed to the picture houses to watch his funny antics. And, when the roll call is called, you will put in a good word for the comic and St. Peter show hospitality in swinging open the golden gates.

MRS. HENRI CHAPDELAINE

I was in such a weakened condition that I had no courage for anything, and the best part of my time was passed in resting, as I was always tired. This state of affairs was brought on by the fact that I had to start working at a very early age. My grandmother, who had used RED PILLS and had great confidence in them, made me take them for a while and they did me an immense amount of good. In fact, after taking them regularly I am now in the best of health, have a good complexion and am happy to be feeling so good.

was discussing the steel strike the other evening and said that his firm had not yet experienced any great difficulty in getting sufficient material for its present needs, at least. In the course of the conversation, however, he told an interesting story that he got first-hand from one of the parties involved. It had to do with no less a personage than Mr. Henry Ford. Mr. Ford, of course, is more or less interested in the steel strike as his well known product of locomotion calls for some of this material, popular assertion to the contrary notwithstanding. Owing to the volume of production maintained at the Ford factory it is necessary that there be a continual supply of steel forthcoming. The strike, of course, caused a let-up and immediately Mr. Ford sent out emissaries to New England to get some of the smaller manufacturers here to increase their normal then stepped in neatly and cleaned up on the extra steel. That's why the little old Ford is continuing to run right along, despite the strike.

## DISTILLED SPIRITS FOR MEDICINAL PURPOSES

The use of distilled spirits for bona fide medicinal purposes is not considered to be a beverage use of alcohol and, accordingly, the United States Treasury department has announced a decision amending its existing regulations to allow the use of non-beverage distilled spirits in filling physicians' prescriptions.

Previous to June 30, 1919, prescriptions could be filled only with distilled spirits which were taxed at

the rate of \$6.40 per gallon and then only by persons holding a retail liquor dealer's license.

Since June 30, 1919, to the time the amendment went into effect prescriptions could be filled by druggists holding permits from the internal revenue office, but only when written by physicians holding similar permits; the spirits used in this instance being taxed at the rate of \$6.40 per gallon. "According to this amendment," Acting Collector Andrew J. Casey explained, "non-beverage distilled spirits or alcohol taxed at the rate of \$2.20 per gallon may be used in filling physicians' prescriptions. Instead of that taxed at the rate of \$6.40 per gallon, whether the spirits of alcohol is medicated or denatured so as to render it unfit for beverage use, or whether it is not so medicated or denatured. Any regulations or instructions inconsistent with this amendment are revoked."

Agents of the internal revenue office will keep in close touch with the records of all such sales to ascertain if

is "Keep the kidneys in good order." "Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking Anuric." This can be obtained at almost any drugstore.

Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, take heed, before too late. Get Anuric (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for a trial package.

there is any abnormal traffic being carried on under the guise of legitimate and necessary medicinal uses as it is important not only that revenue should be protected, but also that those who habitually comply with the regulations should not be discredited through the operations of the unscrupulous.

DOUBLE MAIN EVENT  
AT C. A. A. TOMORROW

Two main bouts have been lined up by the matchmaker of the Crescent A.A. for tomorrow night. He calls it a double main event.

Bennie McCoy, the clever bantam-weight from Baltimore, who recently boxed Roy Moore a sensational 12-round bout here, will meet Dutch Brandt, the aggressive hard hitting Brooklyn bantam. Brandt has mingled with the best in his class, having fought such men as Battling Lahn, Jabez White, Joe Lynch, Frankie Burns, Joe Burman and Champion Pete Herman. McCoy will have to travel at top speed to win a decision over this youngster.

Jimmy Duffy, the fighting Harp from New York who three weeks ago gave Barney Adair one of the toughest battles of his life, will meet the tough Bridgeport boy, Al Ketchell. Ketchell on last week boxed Billy Duffy and made quite a bit with the fans. This bout will be a hummer, as both boys like the milling and a great fight will be expected.

The Crescent sure made a tenstrike when they secured the services of these four boys, as all four are top notch fighters and well known throughout the country.

The winner of the McCoy and Brandt will be rematched with Roy Moore, the sensational bantamweight from St. Paul.

Frank Mellins and Gerard Gianni will meet in an 8 round number and there will be a six round preliminary.

## DEMPSEY TO BOX

## BRITISH CHAMP

NEW ORLEANS, Nov. 5.—New Orleans on next St. Patrick's day, is to have its first world's championship heavyweight fight since Sept. 7, 1892, when John L. Sullivan lost the title to James J. Corbett, if Dominick Tor- torich, the promoter, is able to gain the consent of Joe Beckatt, English champion, to meet Jack Dempsey, world's champion, here.

Dempsey's signature was placed on a contract proffered by a promoter at Mobile yesterday and he will receive \$120,000 as his end of the purse if the match goes through. Twenty rounds is specified as the length of the fight.

The agreement between Dempsey and the promoter is conditional on Beckatt's success against Carpenter.

In the meantime Dempsey has been offered \$75,000 by a local promoter, to meet Bill Brennan, here, prior to the proposed bout with Beckatt.

"JIGGERS" BEATEN IN  
FAST GAME, 5 TO 3

Lowell won over Worcester in a fast and well played game of polo before a fair sized crowd at the Crescent rink last night. The score was 5 to 3.

Lowell and Worcester are a well matched pair. Both teams have speedy and brainy leaders, students and advocates of the passing game. Lowell with Harkins and Griffith passing and receiving in expert fashion, with Davies gradually developing, present a strong scoring trio. Higgins and Taylor perform brilliantly on the offensive. With two such artistic combinations, fans are always assured of a splendid exhibition of scientific polo. That's just what took place last night and that the efforts of the performers were appreciated by the fans was indicated by the applause.

Lowell presented O'Brien at halfback and the new man was warmly greeted. He played well, fitting into the combination effectively. Lowell played snoot polo throughout. All members worked with mutuality of effort and their passing, hitting and blocking could hardly be improved upon.

Higgins did considerable juggling and his stunts made a big hit with the crowd. They always do. Taylor showed speed in going to the spot, while his driving was up to his usual standard of excellence. Lowell got the jump in the first session, scoring three goals, while Worcester failed to count. Worcester got two in the second, and the teams entered the final stanza with score 3 to 2. The last period was the fastest of the game, but Lowell would not be denied. Harkins scored two goals, while Taylor added one to Worcester's total. The lineup:

## POLO NOTES

Salem will play here next Friday night.

Jack O'Brien was given a cordial

Camel cigarettes are  
enticingly mild; their  
flavor is wonderful!

You will enjoy Camels more than any  
cigarettes you ever smoked!

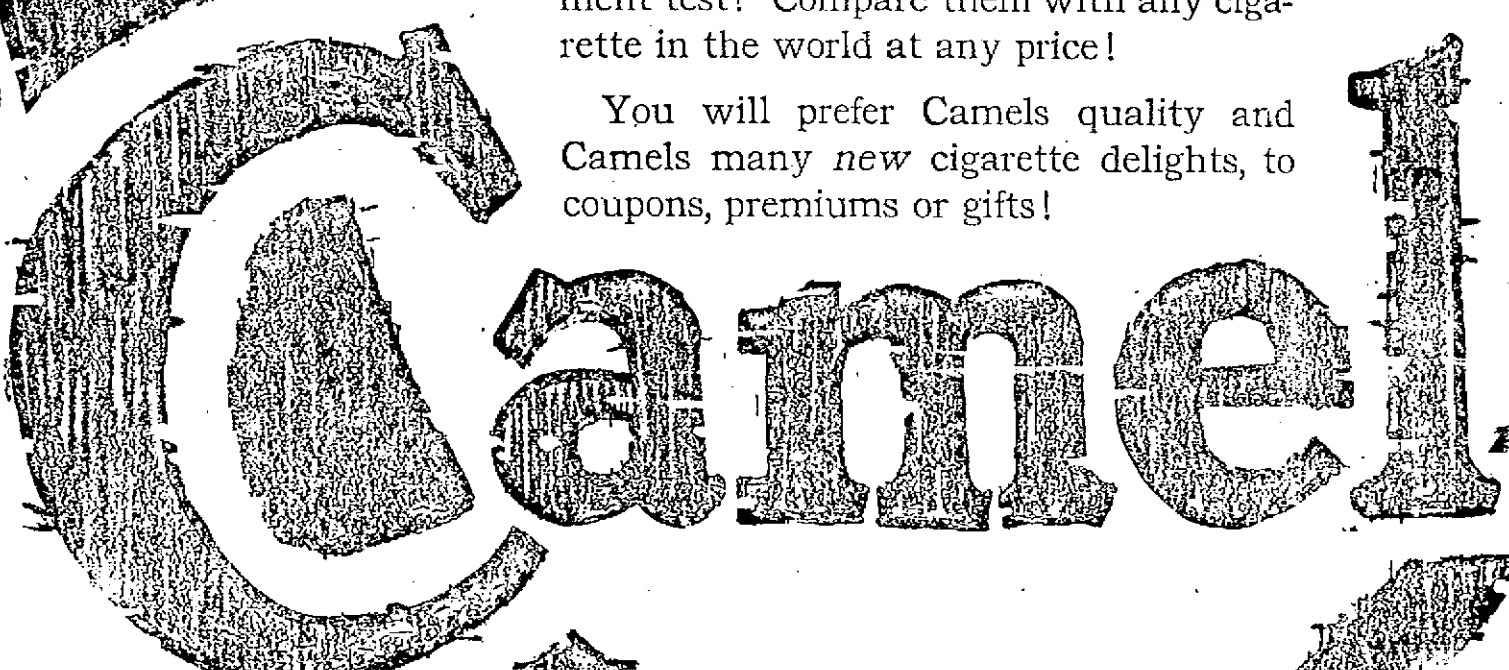

Camels are not only mellow and smooth,  
but they have all the desirable "body" any  
smoker could demand. And, they're so  
refreshing, so appetizing, so satisfying!

No matter how liberally you smoke  
Camels they will not tire your taste!  
The expert blend of choice Turkish and  
choice Domestic tobaccos takes care of  
that! You will prefer this blend to  
either kind of tobacco smoked straight!

Camels are free from any unpleasant  
cigarette aftertaste or unpleasant ciga-  
rette odor. You'll certainly appreciate  
that more every day you smoke Camels!

Give Camels every taste and content-  
ment test! Compare them with any ciga-  
rette in the world at any price!

You will prefer Camels quality and  
Camels many new cigarette delights, to  
coupons, premiums or gifts!

Camels are sold everywhere  
in scientifically sealed pack-  
ages of 20 cigarettes; or ten  
packages (200 cigarettes) in a  
glassine-paper-covered carton.  
We strongly recommend this  
carton for the home or office  
supply or when you travel.

NORFOLK BEATS  
JAMAICA KID

BOSTON, Nov. 5.—In a spectacular  
battle here last evening, Kid Norfolk  
of New York came through an easy  
victory over the Jamaica Kid, also of  
Boston, in 12 rounds.

It was a good scrap to look at, with  
the Jamaica Kid carrying the battle  
to his heavier opponent in many of the

rounds, but while he forced the fight-  
ing in many sports, Norfolk did more  
of the landing, and his blows were far  
the more effective.

At no stage was Norfolk in any great  
distress, while his ability to block,  
score with many short punches at close  
quarters and all around generalship  
showed the finished fighter, who had  
but few superiors in the game today.

In the early rounds Jamaica appeared  
to have a chance, his powerful swings  
seeming likely to break through and  
do damage, but Norfolk scored with  
a lot of stiff lefts to the body and  
rights to the head, while at close  
quarters he used a short right upper-  
cut most effectively. After the sixth  
Jamaica was tired, while in the eighth  
a short right to the jaw put him down  
for four.

The American note also was said to  
have asserted firmly that unless ef-  
fective co-operation could be arranged  
the United States might feel obliged  
to withdraw its troops from Siberia,  
and that should this course be decided  
upon the American government might  
feel compelled to make public the rea-  
sons for the withdrawal.

Forer dispatches from Omsk, dated  
Oct. 24, and received in the United  
States yesterday, said that Col. Geo. H.  
Emerson of the American railway com-  
mission had ordered the withdrawal of  
the American railway corps from Si-  
beria to coincide with the evacuation  
of the Czech-Slovakia forces for re-  
parations to Czech-Slovakia Nov. 4.  
State department officials said, how-  
ever, that these forces were not to be  
withdrawn, and that the American rail-  
way commission would continue its op-  
erations in Siberia.

It was said that the members of the  
mission in Omsk had withdrawn to  
Irkutsk before the advance of the Bol-  
sheviki. Officials thought this move-  
ment led to the report at Omsk that  
the American Railway corps was to be  
withdrawn.

About 1600 tons of iron and other  
materials were made into plus every year in the  
United States.

JAPAN TO ASSIST U. S.  
IN SIBERIA

WASHINGTON, Nov. 5.—Japan, re-  
plying to a note from the American  
government last September regarding  
conditions in Siberia has expressed a  
willingness to co-operate with the Am-  
erican authorities, both military and  
civil, in that country. This announce-  
ment was made yesterday at the state  
department, but the text of the Japa-  
nese reply was withheld.

What plans were suggested either  
by the American or Japanese govern-  
ment was not disclosed nor was there  
any announcement as to whether the  
negotiations had been conducted.

The note sent by the United States  
to Tokio in September has never been  
made public by the state department,  
but dispatches from Tokyo a month ago

said the United States had pointed out  
that Japanese troops in Siberia had  
failed to protect the lives and property  
of the American railroad engineers and  
had failed to co-operate with them in  
the broad spirit of conducting the rail-  
road in the interest of the Russian peo-  
ple by permitting the transportation of  
food supplies, so necessary to the Rus-  
sians.

The American note also was said to  
have asserted firmly that unless ef-  
fective co-operation could be arranged  
the United States might feel obliged  
to withdraw its troops from Siberia,  
and that should this course be decided  
upon the American government might  
feel compelled to make public the rea-  
sons for the withdrawal.

REP. BERARD ELECT  
IN HOSPITAL

The many friends of Adelard Berard  
representative-elect for the 15th dis-  
trict, will be grieved to learn that he  
is confined to the Lowell General hos-  
pital, where it is expected he will be  
operated upon either today or tomor-  
row.

Mr. Berard had not been feeling well  
for some time, but was able to look  
after his business. Saturday he took  
to his bed and yesterday morning  
without even having a chance to cast  
his ballot at the polls, he was removed  
to the hospital. His condition at pre-  
sent, however, is not considered dan-  
gerous.

Between June, 1914, and July, 1919,  
the average weekly earnings of factory  
workers in New York state increased  
32 per cent.

## GOY. COOLIDGE THANKS CITIZENS

BOSTON, Nov. 5.—Governor Coolidge, in a statement last night, said:

"My thanks are due to my fellow-citizens of Massachusetts. I offer them freely, without undertaking to specify all who have supported the great cause of the supremacy of the law. The heart of the people has proven again sound through and through. They have justified those who trusted them; they have justified America."

"The attempt to appeal to class prejudice has failed. The men of Massachusetts are not labor men, or policemen, or union men, or poor men, or rich men, or any other class men first, they are Americans first. The wage-earners have shown by their votes that they resent trying to use them for private interests. They are for the government, American institutions are safe in their hands."

"Some of those who have posed as their leaders and argued that the wage-earners were patriotic because those leaders told them to be may well

now inquire whether the case did not stand the other way about. It begins to look as if those who attempt to lead the wage-earners must first show that they themselves are patriotic if they are to have any following."

"Three words tell the result. Massachusetts is American. The election will be a welcome demonstration to the nation and to the people everywhere who believe that liberty can only be secured by obedience to law."

**Long Congratulates Coolidge**

BOSTON, Nov. 5.—In conceding the re-election of Governor Coolidge early last night, Richard H. Long, the democratic nominee for governor, said:

"Governor Coolidge appears to have won by a decisive vote and I congratulate him. I still believe in the issues that I advocated, and time will determine the righteousness of our cause. I cheerfully accept the result of the election."

The highest vote polled by any of the socialist candidates, the only opponents of the democrats, was less than 10,000. The governor-elect is Lee M. Russell, and his successor as lieutenant governor is H. H. Casteel.

## RESULT IN DOUBT IN MARYLAND

BALTIMORE, Md., Nov. 5.—The result of the election in Maryland yesterday was still in doubt early today with both sides claiming the governorship by a small margin. Albert C. Ritchie, the democratic nominee, carried Baltimore by 1735 plurality over Harry W. Nice, his republican opponent. The vote was Ritchie 53,971; Nice, 52,238.

## The Dishes Almost Wash Themselves the Electric Way

How often have you said, "Oh, if I only didn't have to wash the dishes!"

You need not wash them any more—there is a better way for you—a way that is far superior to having a servant wash and break your chinaware for you.

## The Electric Dishwashing and Drying Machine

is the solution of one of the housewives' most aggravating tasks. This machine makes every meal a pleasure—because the housewife knows she won't have to dip her hands into dirty dish water when dinner is over. All she does is to carry the dishes to the machine, place them in the racks and presto! The work is done.

## YOUR BOILER Does It Need Patching?

Gaps and cracks in the boiler will check heat and waste fuel. Try Regular or "D" Asbestos Cement as a covering. It is efficient—being made with genuinely good asbestos fibre and other non-conductive cementing materials. Coburn's prices are low, for instance:

5-lbs. .... 6¢ lb.  
15-lbs. .... 5¢ lb.  
30-lbs. .... 4½¢ lb.

No trouble to quote you prices on larger quantities

## FUNERALS

**SULLIVAN**—The funeral of Daniel J. Sullivan took place yesterday afternoon from the rooms of Undertaker George E. McKenna and was largely attended. The bearers were James Farrell, Frank Collins, Thomas Collins and Warren LeClair. There were many floral offerings. Burial took place in St. Patrick's cemetery where services were held at the grave.

**KILROY**—The funeral of John Kilroy took place this morning at 9 o'clock from his home, 584 Beaman street, and was largely attended by sorrowing relatives and friends, including a number from out of town, also the following delegation from Div. S. A.O.H.: Patrick W. Moran, Patrick Finnerty, Patrick Kearns, Patrick McDonough, Matthew Whelton and John J. McAndrews. Present at the services were the agents of the John Hancock Mutual Life Insurance Co., and many members of the A. G. Pollard Clerks' association. The cortege proceeded to St. Michael's church where at 9 o'clock a funeral mass was sung by Rev. Thos. J. Heagney. The choir under the direction of Mr. Thomas P. Boulger rendered the Gregorian mass, the solos being sustained by Miss Griffin and Mr. Boulger. Miss Ella M. Reilly presiding at the organ. There was a profusion of beautiful floral tributes and of spiritual bouquets. The bearers were Owen Hannon, John McPadden, Michael Sullivan, Bernard Judge, Jerome Cullen and Peter Cullen. At the grave Rev. Fr. Heagney read the committal prayers and the burial was in St. Patrick's cemetery in charge of Undertakers James F. O'Donnell & Sons.

**BURRIS**—Died Nov. 5th, in this city, Harold Burris, aged six years, 1 month and 18 days, at the home of his parents, Mr. and Mrs. George Burris, 257

Worthen street. As the cause of the death was scarlet fever the funeral was necessarily private. The services were held this (Wednesday) afternoon at 3.30 o'clock at the grave side in the Tewksbury cemetery. The services were conducted by Rev. Appleton Grannis, rector of St. Anne's Episcopal church. The funeral arrangements were in charge of Undertaker George W. Healey.
